FROM THE MINUTES OF THE
Yearly Meeting of Friends for New-England,

HELD ON RHODE-ISLAND,

From the 15th to the 23d, inclusive, of the Sixth month, 1845.

The Annual Report of the Committee of this Meeting having the government and superintendence of the Boarding School at Providence, was produced and read, and being satisfactory to us, the Clerk was directed to forward copies thereof to our several Quarterly and Monthly Meetings. Extract from the Minutes of said Meeting,

A. SHEARMAN, Jun. Clerk.

TO THE YEARLY MEETING.

THE Boarding School Committee report, That they have endeavored during the past year, to discharge the duties entrusted to them by the Yearly Meeting, in superintending the concerns of the Boarding School. The average number of scholars has been eighty. Meetings have been regularly held in the house, except during the vacations; and harmony has prevailed.

Our friends Allen and Olive Wing, who have acceptably served the Institution as Superintendents for several years past, having requested to be released at the close of the last summer term, we engaged our friends Olney and Lydia Thompson to take their places, and they entered upon the duties of that station in the 10th month last. Charles Atherton, William Nicholson and Edward Hoag are engaged as Teachers in the Boys' School, and Mary Atherton, Gertrude E. Whittier, and Elizabeth Prosser, in the Girls'. Elizabeth J. Aldrich has been employed as Teacher in the Girls' school the past year.

The Treasurer's and Superintendent's accounts have been examined and settled, by which it appears that the income of the School from all sources, the past year, has been \$9,380 40-100, and its expenditures \$11,134 47-100, including \$1,542 59-100, paid for land purchased from a donation, and in accordance with the will of our late friend Moses Brown. And there is now a balance in the Treasury of \$4,469 4-100.

We would propose that the price of board and tuition be continued the same as last year, viz: \$30 per term for members of our Yearly Meeting, \$45 for those who are not members, one or both of whose parents are members, and \$50 for those of other Yearly Meetings.—Books and Stationery being furnished as at present. We also deem it safe to propose, that each Monthly Meeting have the privilege of sending one scholar free of expense, for one term; and that they may occupy this privilege either during the next winter term, or during the summer term of *next year*, according to the discretion of the Monthly Meeting; but that if the Monthly Meeting desires to occupy the privilege in the summer term, as now proposed, it shall inform the Acting Committee thereof at their meeting in the 10th month, [held on the 7th day thereof.]

The Schools have been examined at the close of each term by a committee appointed for that purpose, and by their reports it appears that they have been generally satisfied with the evidence afforded by the diligence and application of the children to their studies, of their orderly deportment, and of the faithfulness and ability of the Teachers. Instruction continues to be given in the Languages when desired, on the same terms as heretofore, viz: \$5 additional for the term.

The object that Friends had in view in the establishment of this Institution, and the lively concern the Society has felt and continues to feel, that the youth among us may have the advantages of a good school, without exposure to those associations which in a greater or less degree tend to alienate their tender minds from the simplicity of our profession, may, we trust, in good degree be realized by placing our children in this Institution. And we would affectionately encourage Friends to be willing to make some sacrifice, if sacrifice be required, to afford those under their care an opportunity to acquire a sound and guarded education.

Signed by direction and on behalf of the School Committee,

JONATHAN L. SLOCUM, Clerk.

Boarding School, 5th month 2d, 1845.

Friends of Senior Preparative Meeting propose to have that meeting held in future

At our Yearly Meeting of Friends for New England, held on Rhode Island in the sixth month, 1846—

The Committee having the superintendence of the Boarding School at Providence presented their annual report, which was read; and while the care thus manifested by the Committee is satisfactory to this Meeting, yet, in view of the importance of the concern, and with desires that the greatest amount of good may be dispensed to the members of our religious Society from an Institution established, as we doubt not, in best wisdom, and endowed and cherished by beloved friends, deeply concerned for the promotion of truth and the preservation and guarded education of the children of this Society, we are induced now to appoint our friends * * * * * a Committee to take the whole subject into their solid consideration, and if, after careful deliberation, they are prepared to propose any change, either in the Committee or in the manner of their discharging the duties of their appointment, or to make any other suggestion that they apprehend will promote the interests of the Institution, they are requested to report the same to a future sitting of this Meeting.

At a subsequent sitting, the Committee to whom this subject was referred presented the following report, viz. :—

“TO THE YEARLY MEETING.

“The Committee to whom was referred the consideration of the report of the School Committee, and who were requested to make any suggestions that they might deem important in relation to the welfare of the School and promotion of the best interests of the Institution, report :

“That they have given to the subject their careful deliberation, and are united in making the following propositions to the Yearly Meeting, viz. :

“In order to effect a more direct responsibility on the part of those appointed by the Yearly Meeting to superintend the School, and to induce greater efficiency of action in the direction and management of its affairs, we would propose that a small Committee of twelve of each sex should be appointed by the Yearly Meeting, to whom should be committed the care and superintendence of the Institution, six of whom (three of each sex) should be released from the charge and six others substituted annually. These six should be eligible to reappointment after one year, and the others to continue to be released in rotation, from year to year.

“It should be understood that this Committee should give their personal attention closely to the School, and should meet there monthly and appoint of their number such as they should deem proper to have the more immediate charge thereof during the recess of their meetings. They should visit the Schools to know for themselves their true state, by attending them during school hours, and by witnessing, advising, and directing in relation to the process of instruction, and they should judge of the standing and progress of the children, and enter into free intercourse with them and their teachers. They should advise with and direct the Superintendents respecting the expenditures and domestic management of the family, and endeavor to feel and exercise an individual interest in the various concerns of the Institution.

“We would also propose that the Yearly Meeting should appoint a General Committee on the subject of education, to be composed of Friends from the several Quarterly Meetings, to promote the guarded education of our children, both in the Boarding School and in Monthly Meeting, Preparative Meeting and family schools, in accordance with the concern long felt by the Yearly Meeting. This Committee on Education should meet and consult with the School Committee at the time of our Yearly Meeting at Newport, and also at the School at the time of the examination in the tenth month at the close of the summer term. Both Committees should freely communicate with each other, and thereby endeavor to promote the guarded, religious education of the youth of our Society. The whole to be subject to the control and direction of the Yearly Meeting annually.

“On behalf of the Committee,

“ROWLAND GREENE,
“SOPHRONIA PAGE.

“Newport, 6th mo. 18th, 1846.”

—Which was fully considered and united with, and the propositions therein contained adopted by the Meeting; and the same Friends who presented the report were requested to produce to our

next sitting the names of suitable Friends to constitute the two Committees proposed to be appointed by this Meeting.

The report of the Boarding School Committee for the past year being approved was directed to be recorded and transmitted by the Clerk to our Quarterly and Monthly Meetings.

"TO THE YEARLY MEETING.

"The Boarding School Committee report, that they have endeavored the past year to discharge the duties entrusted to them by the Yearly Meeting in superintending the concerns of the Institution.

"Religious meetings have been regularly held in the house except during the vacations. The average number of scholars the past year has been eighty-four. The schools have been examined at the close of each term by a committee appointed for the purpose, from whose reports it appears that the evidence afforded of diligence and proficiency on the part of the pupils, and ability and faithfulness on that of the teachers, were satisfactory and encouraging. Instruction continues to be given in the languages when desired on the same conditions as heretofore, to wit, five dollars a term additional charge.

"The Treasurer's and Superintendents' accounts have been examined and settled, by which it appears that the income of the School for the last year has been \$9,534 93, and the expenditures \$11,131 39; leaving a balance in the treasury of \$2,886 74.

"We would propose that the terms for board and tuition be the same as last year, to wit, thirty dollars a term for members of this Yearly Meeting, forty-five dollars for those who are not members, one or both of whose parents are members, and fifty dollars for members of other Yearly Meetings, books and stationary being furnished as at present. We would also propose that each Monthly Meeting have the privilege of sending one scholar a term free of expense, as last year, and that they occupy this privilege either in the winter term or in the summer term next succeeding; and the Monthly Meetings are desired, should they deem it best not to send a scholar till the summer term, to inform the Acting Committee at its meeting in the tenth month.

"Our friends Olney and Lydia Thompson are engaged as Superintendents, and Charles Atherton, Samuel Austin, and Edward Hoag as teachers in the boys' school, and Mary Atherton and Gertrude Whittier in the girls'. David C. Chace was employed during the winter term as an assistant in the boys' department, and Elizabeth Prosser during the year in the girls'. William Nicholson was also employed as a teacher in the boys' school during the summer term of the past year.

"Since our last report, the Committee have made several valuable additions to the philosophical apparatus belonging to the Institution.

"Although the number of scholars has been somewhat larger during the past than the preceding year, yet the Committee regret that no more of the children of Friends enjoy the advantages which the Institution affords for a thorough school education, free in good measure from the corrupting influences of the world. The improved condition of schools, both public and private, within the limits of New England, may seem to have diminished the necessity of placing our children in the Boarding School; but we believe that most of these schools will be found to exercise an influence adverse to the simplicity and purity of our Christian profession, and many of them to expose the susceptible minds of our youth to those corrupting associations from which it has ever been the concern of Friends carefully to guard them. The religious concern for the guarded education of our children, which the principal donors to the school fund uniformly manifested, we hope will be steadily borne in mind by all those upon whom devolve the parental care and guardianship of the young; that the substantial advantages so liberally placed within their reach may be reaped to greater extent in time to come.

"Signed by direction and on behalf of the School Committee,

"JONATHAN L. SLOCUM, Clerk.

"Boarding School, 5th mo. 8th, 1846."

The Committee to whom it was referred to produce to this Meeting the names of suitable Friends to constitute a School Committee, propose the following, to wit:

"Perez Peck, Samuel Boyd Tobey, John Meader, Samuel Taylor, Jr., John Osborne, Joseph Metcalf, Samuel Boyce, John D. Lang, William A. Robinson, Stephen A. Chace, David Buffum, Rowland Greene.

"Elizabeth Meader, Eliza B. Boyce, Sarah F. Tobey, Lydia Congdon, Sophronia Page, Susan Howland, Joanna Peck, Eunice Metcalf, Ann Elmira Lang, Eliza A. Osborne, Mary Shove, Mary B. Allen."

—Which being satisfactory, they are appointed a Committee to act on our behalf in the care and superintendence of the Boarding School, agreeably to a proposal adopted by this Meeting yesterday; and they are requested to render such personal attention at the Institution as they may be able to do, giving such advice and directions in the various concerns thereof as they may deem calculated to promote its interests in accordance with the original concern of this Meeting in establishing a school for the guarded, religious education of the youth of our Society, and report to this Meeting next year.

Uxbridge 7 mo 23, 1847

*whereupon we appoint Edward Esch, Benjamin White,
Abner K. Sprague, and Charles Hadwell, a committee*

At our Yearly Meeting of Friends for New-England, held on Rhode-Island, in the sixth month, 1847,—The Clerk was directed to forward the following Extracts from our Minutes to our Quarterly and Monthly Meetings, viz:—

The Committee to superintend our Boarding School at Providence, presented the following report, which was approved by this Meeting and directed to be forwarded to our Quarterly and Monthly Meetings, viz:

TO THE YEARLY MEETING:

The Committee appointed to have the superintendence of the Boarding School at Providence, report, that they have during the past year given attention to their appointment, and are encouraged to believe, that the Institution continues to be useful.

The average number of scholars has been eighty-five, viz: forty-two males and forty-three females.

Our friends Olney and Lydia Thompson, have acceptably served as Superintendents during the year ending with the last winter term; and Charles Atherton, Samuel Austin and Edward G. Hoag, have been engaged as teachers in the boys' school, and Mary Atherton and Gertrude E. Whittier as teachers in that of the girls for the same time. Elizabeth Prosser has also been an assistant teacher in the girls' school during the winter term.

The Superintendents having expressed their desire to be released at the end of the last winter term, and the Committee believing that usefulness would arise from an arrangement which would unite with the general care and oversight of the Institution as Superintendents, that of taking the general government and direction of the schools, and imparting literary instruction therein, to such extent as may be consistent with the other duties of Superintendents, we have engaged our friends Silas Cornell and Sarah M. Cornell of Rochester, New York, to come into the Institution in that capacity, and assume those duties.

Charles Atherton, Edward G. Hoag, and Richard Dame, are engaged as assistant teachers in the boys' school, (the latter giving instruction in the languages,) and Gertrude E. Whittier and Sarah Alice Cornell, as assistant teachers in the girls' school, for a part or the whole of the present year.

As our friends Silas and Sarah M. Cornell could not consistently with their previous engagements, commence their connection with the Institution until the present time, the former Superintendents kindly consented to remain, temporarily, after their previous engagement expired—and the former arrangements in the schools have mostly been continued since the commencement of the present term.

The change of Superintendents and the arrangements with respect to the principal charge of the school is now about to take place; and the friends who have for several years occupied the station of Superintendents being about to leave, seems a fitting occasion to express for their encouragement, the satisfaction of the Committee with their labors.

These labors were increased during the latter part of the last year, by more than usual indisposition among the scholars.

Meetings for worship have been regularly held in the House, except during the vacations, and harmony has prevailed. On the days of Providence Preparative Meeting, the meetings at the school have been omitted, in accordance with the consent of the Yearly Meeting last year.

Examinations of the schools by the Committee, at the close of each term, have been made, as has been heretofore practised, and the deportment and proficiency of the scholars have been generally satisfactory, evincing a good degree of aptitude and diligence on the part of the pupils, and faithfulness on the part of the teachers.

The accounts of the Treasurer and Superintendent have been examined and settled. By these accounts it appears, that the income of the school for the year ending with the last winter term, has been \$10,836 07, and the expenditures \$12,136 54; the expenditures having exceeded the receipts by the sum of \$1300 47. Seven hundred dollars of this excess, arises from the payment within the year of a demand against the Institution of several years standing.

The amount of expenditures exceeding the income, has been supplied from the balance on hand at the commencement of the year; and being deducted therefrom, leaves a balance on hand at the close of the last term, of \$1858 05.

We would propose that the price of board and tuition be continued the same as last year, viz: Thirty dollars per term for members of our Yearly Meeting, forty-five dollars for those who are not members, one or both of whose parents are members, and fifty dollars for those of other Yearly Meetings, payable in advance—books and stationery being furnished as at present.

We would also propose, that each Monthly Meeting have the privilege of sending one scholar free of expense for one term, the same to be occupied, either at the next winter or succeeding summer term, at the discretion of the Monthly Meeting—the several Monthly Meetings to notify the Committee at their meeting in the 10th month, of their conclusion, in case they propose to occupy the privilege in the summer term.

The Committee feel it right to express their belief, that there are advantages to be derived to the youth of our society at the school, which should serve as an encouragement to Friends to place their children there, that they may acquire a guarded religious education, free from many of the temptations to which they are necessarily exposed in more mixed schools, especially those over which Friends have little or no control.

And we would earnestly press upon Friends the importance to the society of a continued individual interest in the welfare of the Institution, in whose endowment and management such lively concern has been manifested by valuable Friends who are now gathered to their rest.

Signed on behalf and by direction of the Committee,
STEPHEN A. CHASE, Clerk.

Providence, 6th month 1st, 1847.

Third day morning, the 15th. Friends convened pursuant to adjournment. The representatives being called, were all present.

The Meeting entered upon the investigation of the state of society by reading the Queries and Answers to them received at this time from our several Quarterly Meetings, and proceeded therein as far as the 4th inclusive. During this important engagement we were sensibly solemnized in feeling together, and under the baptizing influence of Divine love, much pertinent counsel and advice were given by concerned brethren. We were impressively reminded of the paramount duty of meeting together for the worship of our Father in heaven, not only on first day of the week, but on other days when a greater sacrifice may seem to be required. We were admonished to remember the source from whence proceed all our blessings; that it is from God alone that we derive all that we are permitted to enjoy, whether spiritual or temporal; that it is in Him we live, and move, and have our being. We were exhorted to hold fast the profession of our faith without wavering, being concerned to provoke one another to love and good works, and not neglect the assembling of ourselves together. Much sympathy was manifested for Friends in lonely situations, where their meetings are very small; but they were earnestly exhorted to faithfulness in the attendance of them—that although they may be frequently held in silence, yet, as we are engaged to wait upon the Lord, they often prove seasons of refreshment. Concerned Friends were encouraged to labor faithfully with those who may be remiss in the discharge of this and other Christian duties, although it may be under a sense of much weakness; that, while they may feel their own unworthiness, they fail not to do what is required at their hands by the Head of the Church, by sinking below the gifts he has conferred upon them. Friends were encouraged to leave their worldly occupations, to close their places of business if needful, in order for the due attendance of our week-day meetings, under an awful sense that He, unto whom worship is due, may even curse our blessings. We were very impressively exhorted to watch the door of our lips, that we sin not with our tongues; that, under a sense of our own frailties, we cultivate charity towards others, and scrupulously avoid indulging in a spirit of detraction, which tends to our own poverty and the injury of our fellow men. We were reminded that, as God is love, and as his love has been so abundantly manifested to us, in that He gave his well beloved Son for us, that it is indeed incumbent upon us to love one another,

and to do good one unto another; and that they who have known this love shed abroad in their hearts, cannot fail to feel it flow unto others, producing a spirit of forgiveness towards those who have trespassed against us, even as God for Christ's sake hath forgiven us. The injunction of our Lord, of universal application, "Whatsoever ye would that men should do to you, do ye even so to them," was very feelingly held up to view as the rule that should at all times govern us in our intercourse with our fellow men. The right training of our children was pertinently dwelt upon, and its necessity enforced as essential to their good, and to the discharge of the responsibility resting upon parents towards those whom our Heavenly Father has entrusted to our care. We were reminded that, by indulging in a mistaken tenderness, we were inflicting a serious injury upon our offspring; but that as we were engaged to exercise parental authority in love, it would prove a discipline to our children, by which they might be incited more carefully to heed the requirements of their Heavenly Parent; and habits of obedience be established which would be preserving in their future course of life. Finally, both parents and children were affectionately entreated to observe their respective relative duties, that thus they might witness the dew of Heaven to rest upon them.

Adjourned to the fourth hour this afternoon.

Afternoon. Friends again assembled.

The Meeting proceeded in the consideration of the state of Society, by reading the remaining answers to the queries. While thus engaged, we thankfully acknowledge that a precious, solemn covering was felt to be mercifully extended over us. A living concern was manifested for the preservation of our members from the reading of pernicious books, which are at this day so abundant in the world; and for their encouragement in the frequent, reverent perusal of the Holy Scriptures, in accordance with the continued concern of this Society since its first rise, and which was so eminently exhibited, practically, by our forefathers in the truth. We were affectionately reminded that they who are most carefully engaged to follow the direct and immediate leadings of the Spirit of Truth, most highly reverence and value these sacred writings, which were given forth by the same Spirit, and which have been so marvellously preserved, pure and unmutated, to the present day, and which are able to make wise unto salvation through faith which is in Christ Jesus. Parents were affectionately encouraged often to assemble their families for the purpose of reading a portion of the Holy Scriptures, and in silent introversion of mind, and with prayerful hearts meditating thereon, that their precious contents may be opened to our understandings and blessed to us. We were entreated not to be taken in that snare of the enemy which is laid for us, by inducing us to neglect this practice from fear of being found in a lifeless formality in its maintenance; but that while we should guard, with godly jealousy, against this error on the one hand, we were impressively reminded that we might err on the other hand, and neglect the observance of those necessary practices which are essential to our Christian advancement, and which are in the ordering of Him who knows our necessities, and who has so abundantly provided for them.

A proposition contained in the report of Fairfield Quarterly Meeting, relative to the expenses incurred by the Yearly Meeting, being brought into consideration, the subject is referred to the representatives from the several Quarterly Meetings, who are requested to report to a future sitting.

At a subsequent sitting, the representatives made the following report, which was satisfactory to the Meeting, viz:

The representatives to whom was referred the proposition from Fairfield Quarterly Meeting in relation to the expenses of the Yearly Meeting, have conferred together thereon, and have come to the conclusion to propose to the Yearly Meeting the adoption of the following minute—the provisions of which

are the same as those of the minute made by the Meeting for Sufferings in the year 1830—and with only a slight alteration in the language to render its meaning more explicit, viz:—Such Friends as are of ability, who attend the Yearly Meeting, should bear their own expenses—but those who may not consider themselves able to do so, who reside north of a line from Boston, running west to the Connecticut River, be at liberty to avail themselves of such provision as may be made by this Meeting; and that Friends of the island of Nantucket, and the representatives from all the Quarterly Meetings, shall be included in the provision made for those north of the line above mentioned in the same circumstances.

On behalf of the Representatives,

STEPHEN A. CHASE.

Sixth month 16th, 1847.

Among the exercises which have been with us during our deliberations at this time, has been a concern for the consistent and upright maintenance by all our members of our testimony to the unchristian nature of all wars and fightings—a testimony in accordance with the belief and practice of the primitive followers of Christ. We are liable at this time to some peculiar temptations on this account. Our country is involved in war with a neighboring nation, and armies are contending in the field; and the testimony of the Scripture, that "every battle of the warrior is with confused noise and garments rolled in blood," is brought home to us by frequent intelligence from the scene of strife. We earnestly desire that all our dear friends may be mercifully preserved in a Christian frame of mind under these trying circumstances.

To the humble follower of Him whose kingdom is not of this world, but who, as a stranger and pilgrim here, is journeying towards another country, that is, a heavenly—how do the destruction and horrors of the field of battle, or the city made desolate by an encompassing foe, the tears of the widow and the cries of the orphan, fill his mind with sorrow! He can have no sentiment allied to rejoicing at scenes like these. His soul must be clothed with mourning and his spirit with lamentation, and his prayers will be, that that day may be hastened when the nations shall learn war no more.

Our dear friends are affectionately entreated to be careful how they expose themselves unnecessarily to temptations calculated to lead the mind from a right frame of thought on these subjects; or by mingling with those who take delight in such strife, become in any measure leavened into their spirit; that in all our intercourse with the world, we may manifest ourselves to be followers of Him whose advent was announced by the song of the heavenly host, of peace on earth and good will to men.

In contemplating the present war in which our country is engaged, its exceeding wickedness has been forcibly presented to us, not only in its direct consequences as a war, but in the principal object, which, as we believe, produced it, namely, the perpetuation and extension of slavery. We have been concerned that our members may keep ever before them the miseries and sinfulness inseparable from the practice of holding our fellow-men in bondage, and its utter inconsistency with the command of Christ, "Whatsoever ye would that men should do to you, do ye even so to them"; and that we fail not, faithfully, in the fear of the Lord, to bear our testimony against it, not feeling excused therefrom in consequence of its practical enactment not coming immediately before our view in this part of our land.

To Friends in the several Monthly Meetings, in the Yearly Meeting for New-England.

THE Committee for the government and superintendence of the Yearly Meeting Boarding School, in the discharge of the duties enjoined upon them by the Yearly Meeting,—believe it right to bring seriously to the view of Friends, the necessity of increased care and watchfulness on the subject of plainness of dress, and in language, with the children who are placed in the School. A strong desire has been felt by the Committee, that parents should more seriously feel their responsibility in relation to their children; and should thereby be led to seek for ability to bring them up in the nurture and admonition of the Lord,—remembering the encouraging language of Holy Scripture—Bring up a child in the way he should go, and when he is old he will not depart from it.

We would also express our concern that the Monthly Meetings would extend increasing care to the children, sent to the school, that they may be prepared as much as may be, to profit by the labor and care extended to them while here. We believe a judicious care by Friends at home may do much to increase the usefulness of the School, and very much lighten the labors of those who may be employed in its superintendence,—and thus the concern of the Yearly Meeting in the establishment of the School be much furthered and promoted.

For the information of Friends we make the following extracts, from a minute of the School Committee, made 8th month, 7th, 1835, and then transmitted to the Monthly Meetings;—and would desire the attention of Friends thereto.

“At a meeting of the Committee of the New England Yearly Meeting Boarding School, held 8th mo., 7th, 1835—The subject of an increased observance in this Institution of plainness of speech, behaviour and apparel, having, from time to time, claimed the serious attention of this Committee, and a lively concern on this account having been manifested at our last Yearly Meeting, we have believed it right for us at this time to revive the subject to our friends.

While we feel that we are not called upon to enter extensively into a vindication of the propriety of maintaining our testimonies in the particulars alluded to, we would affectionately remind our younger friends, that they are in accordance, as we believe, with the beautiful system of Christian simplicity taught by our blessed Lord and his apostles. And we may appeal to the experience of our Society to prove, that they have been as a hedge round about us, which it has ever been perilous to break down: and when, in individual instances, this has been done, that weakness and loss have been the consequence.

We should ever remember the apostolic exhortation, “Let your moderation be known unto all men.” And “let not your adorning be that outward adorning of plaiting the hair, and of wearing of gold and of putting on of apparel, but let it be the hidden man of the heart, in that which is not corruptible, even the ornament of a meek and quiet spirit, which is, in the sight of God, of great price.”

Were our minds, dear friends, duly impressed with a sense of the matchless love of our adorable Redeemer and Preserver—were our hopes and dependence placed on Him—how should we be raised above the undue attachment to the things of time and sense and a conformity to the vain fashions and customs of the world. And in accordance with the recommendations of our Discipline, we earnestly desire that parents and guardians would impress upon the minds of their children, the necessity of maintaining plainness of speech, behaviour, and apparel, which is strictly required in the School.”

On behalf and by direction of the School Committee.

Providence, 2d mo., 29th, 1848.

STEPHEN A. CHASE, Clerk.

Meeting of Friends for New England.

For the Superintendence of the Yearly Meeting at Providence, have, during the past year, duties of their appointment.

As been continued through the year (with the under the charge of Silas and Sarah M. Corbonds and principal Teachers.

Summer Term, we had the services of Charles Edward G. Hoag as assistant Teachers in the of the school, and Lafayette Burr, a young with Brown University, has, through the year, the Latin and Greek languages for five days a class in this school. Richard Dame has also ing the languages during part of the time. In d, Gertrude E. Whittier and Sarah Alice Corbonds.

Winter Term, in the Boys' School, the same ed, and the school being large, Lindley M. ged as assistant teacher in addition.

aines, Sarah Joy Brown and Sarah Alice Corbonds teachers in the Girls' School during the

the Monthly Meetings of the Committee, and its by sub-committees regularly appointed at or that service, semi-annual examinations at term, have been attended by the Committee; of the Summer Term being also attended by Yearly Meeting's Committee on education.

Examinations in these various forms, have been satisfactory. The Friends in the immediate care of as superintendents, teachers, or in the more ons, have evinced a careful regard for the good nd a concern for the faithful performance of eir interesting charge, which have been satisfactory.

As, both male and female, we may say, that deportment has been orderly, and their attentions and improvement therein commendable—uraged to believe that the school has continued promoting the literary advancement of the favorable, under the Divine blessing, to the strengthening of good resolutions for a consistent life.

Number of scholars has been one hundred and five males, and forty-six females.

Worship have been regularly held at the times the family has been preserved in much harmony.

of the Superintendent and Treasurer of the have been examined and audited. The expense of the School for the past year, ending with the last e been twelve thousand, eight hundred and d and forty-three cents. The income has been rest from the School Fund, six thousand, two rty-six dollars, seventy-seven cents;—from on of scholars, (including \$130 87 for articles 0 due from scholars for the past terms,) five undred and thirty-eight dollars, and seventy-tal income, eleven thousand, five hundred and s, and fifty-four cents—leaving a deficiency t expenditures of twelve hundred and thirty-y-nine cents.

Balance in the hands of the Treasurer in the the time of the examination, may be stated d and eleven dollars and forty-six cents.

Amount of repairs and alterations has been past year, particularly in the warming and at the School House, and some improve-

ment about the grounds, the expense of which, exceeding sixteen hundred dollars, is included in the expenditures above reported.

We would propose, that the terms of Board and Tuition should be continued as last year, viz. Thirty dollars per Term for members of our Yearly Meeting; forty-five dollars for those not members, one or both of whose parents are members, and fifty dollars for any others who may be admitted—and that each Monthly Meeting have the privilege of sending one scholar free of expense for one term, the same to be occupied either at the next Winter or succeeding Summer Term, at the discretion of the Monthly Meeting; the several Monthly Meetings to notify the Committee at their meeting in the Tenth month of their conclusion, in case they propose to occupy the privilege in the Summer Term.

Among the subjects which have claimed the attention and concern of the Committee, has been the promotion of a conformity to our religious profession, and the requisitions of our discipline by the scholars, in plainness of dress and address. On this subject, labor and advice have been from time to time imparted in the schools. But the Committee have a strong belief of the importance of the care of parents, and of Monthly Meetings, with the children at home on these subjects. Under this belief, and in pursuance of what they believed their duty under their appointment, they issued, in the Third month last, a communication addressed to Friends in the several Monthly Meetings, on the subject of plainness of speech, behavior and apparel—a copy of which is herewith presented.

During the past year, the health of the inmates of the School has been generally good, although we have to note some sickness, particularly a prevalence of colds and sore throats in the Third month, with which eight or ten of the male scholars were more or less affected—and the removal by death of two young men, scholars in the school, during the year. The first was Thomas W. White, from Elizabeth City, Pacotank county, North Carolina, who died on the 20th of Eleventh month last, aged 21 years; and of whom it was reported, that his deportment during all the time of his being at the School was orderly and satisfactory, never having in word or deed given occasion for reproach or dissatisfaction.

The second instance of mortality was Benjamin Winslow, of Winthrop, Maine, son of Joseph Winslow. He had been affected to some extent with sore throat, which had prevailed in the School, but from which he had nearly recovered, when he was seized with disease of the bowels, of which he died on the 3d of Fourth month, after a few days illness, aged 21 years. We believe it may not be without usefulness to say in this report, that the deportment of this young man, during the time he spent in the School, was very exemplary—and after his disease assumed a character which left him little or no prospect of recovery, he was favored unto the end, with much christian composure, and several times remarked, that although he felt his unworthiness to be great, yet he trusted that by the mercy of his Heavenly Father, through our Lord and Saviour, he should find forgiveness of his sins and be accepted. Death, he said, had no terrors for him. He manifested much gratitude towards those who had the care of him in his illness, and frequently spoke of his parents, towards whom he also felt very grateful, saying he believed their watchfulness and care over him, had done much towards preparing his mind for the solemn change that awaited him.

Signed on behalf and by direction of the School Committee.

The Committee having charge of our Boarding School presented the following Report, which is satisfactory to us, and the propositions therein contained are approved and confirmed by this Meeting, and the Clerk is directed to forward copies thereof to our Quarterly and Monthly Meetings.

From the minutes of the Meeting,

SAMUEL BOYD TOBEY, *Clerk.*

"TO THE YEARLY MEETING:

The Committee for the Superintendence of the Yearly Meeting Boarding School, have during the past year paid such attention to their appointments, as way has opened for, and according to their ability have endeavored to discharge the duties confided to them by the Yearly Meeting.

Our friends, Silas and Sarah M. Cornell, have continued in the station of Superintendents, and Charles Atherton and Edward G. Hoag, were engaged as Teachers in the boys' school during the year, with the addition of Richard D. Meader during the winter term. In the girls' school Martha M. Haines and Anna B. Page have been engaged as Teachers during the year, and Lydia Almy was employed in addition during the winter term.

Instruction in the languages has been given on five days in the week, in both schools during the year by Lafayette Burr, and in writing, during the latter part of the winter term, by Charles G. Pinkham.

The average number of scholars has been 117, viz. 63 males and 54 females.

Meetings for worship have been regularly held in the House, harmony has prevailed, and the family generally has been favored with good health. One or two cases of varioloid occurred during the fall vacation, on which account the commencement of the winter term was delayed for two weeks.

Semi-annual examinations of the schools by the Committee have been made as heretofore, and the Institution has also been visited by sub-committees appointed monthly, and these examinations and visits have been generally satisfactory, showing a good degree of diligence on the part of the scholars, and care and vigilance on that of the Teachers.

The accounts of the Superintendent and Treasurer of the School fund have been audited.

The expenditures of the School for the past year, ending with the last winter Term have been about 14,253 dollars.

The income has been as follows, viz. Interest from the School fund which may be stated at \$6,800, and from board and tuition of scholars \$6,400.

Total income \$13,200, leaving a deficiency of income to meet expenditures of about \$1,000.

The available balance in the hands of the Treasurer in the fifth month, the time of settlement, may be stated at \$508 77.

During the fall vacation, a considerable alteration was made in the accommodations for the school in the west wing, by which a much more commodious apartment is provided, and

which is believed to be a great improvement. The expenses of this change and of various other repairs are included in the above expenditures. The deficiency in the income to meet the expenses of the Institution may be principally accounted for from the larger number of scholars who have been at the School the past year. The price of board and tuition for members of our own Yearly Meeting, being only about two-thirds of the actual cost, and the balance being made up from the income of the permanent fund, it will be obvious that when the number of scholars exceeds a certain amount, it cannot be expected that the income of the school will meet its expenses, and the number of scholars for the past year having been larger than usual, there has been as it is stated a deficiency in the income to meet the current expenses.

We would propose, that the terms of Board and Tuition, should be continued as last year, viz. thirty dollars per term for members of our Yearly Meeting; forty-five dollars for those not members, one or both of whose parents are members, and fifty dollars for others who may be admitted, and that five dollars per term in addition continue to be charged for instruction in the languages. We would also propose that each Monthly Meeting have the privilege of sending one scholar, free of expense for one term, the same to be occupied either at the next winter or succeeding summer term, at the discretion of the Monthly Meeting. The several Monthly Meetings to notify the Committee at their meeting in the tenth month of their conclusion, in case they propose to occupy the privilege in the Summer term.

In pursuance of the authority given to the Committee by the Yearly Meeting; a sale has been effected of the parcel of land lying north of Olney street in the city of Providence, for the sum of six thousand five hundred dollars, and the purchase money has been received or secured in the hands of the Treasurer of the School fund. And in the circumstances under which this piece of land was acquired, it having been purchased from the remainder of a donation from our late friend Moses Brown, intended for the enlargement of the Real Estate of the Institution, the Committee are united in recommending to the Yearly Meeting the permanent funding of the money received from the above sale, and the appropriation of the income only upon the improvement of the Real Estate of the institution.

In conclusion we would express the desire and hope, that this interesting Institution may continue to claim and receive the fostering care and concern of Friends, and that with the Divine blessing, it may become increasingly useful to the rising generation in our religious society in affording facilities for training them up in a love of the truth, and in an increased concern for the maintenance of those precious testimonies given us to bear.

Signed on behalf of the Committee,

SAMUEL BOYCE,

Clerk for the day."

The committee in the case of Silas Clapp and James
Clapp made the following report.

To the Monthly Meeting.

We your committee appointed to investigate the com-
-plaint preferred against Silas and James Clapp in 6th month
last would report, that, upon examination we find no
unwillingness on their part to adjust the claims of
Joseph Clapp against them; and, as a settlement has been
satisfactorily arranged between them, we recommended that

At our Yearly Meeting of Friends for New England, held on Rhode Island in the sixth month, 1850, the subjoined Report of the Boarding School Committee was presented and read, and was satisfactory to this Meeting, and a Committee was appointed to consider the subjects specially proposed therein to be determined by this Meeting and report their views thereon, as well as on any matter connected with the interests of the Institution, to a future sitting.

"TO THE YEARLY MEETING OF FRIENDS FOR NEW ENGLAND,
SIXTH MONTH, 1850.

We, your Committee for the Superintendence of the Boarding School at Providence, have given attention thereto.—Meetings of the Committee at large have been held at the School, Quarterly, and of a Sub-Committee for its more immediate supervision have been held there Monthly, in the intervening months, at which reports on the condition of the School have been received from members of the Committee deputed to visit it and examine into its condition in the intervals of these Monthly Meetings.

We believe in this manner a pretty intimate knowledge of the condition of the Institution in its various departments has been kept up by the Committee; and we are encouraged to believe that this condition has been generally much in accordance with the wishes of Friends.

The labors of the Committee have been at times called for and bestowed, to encourage the attention of the Teachers and Scholars to the common and indispensable branches of an English education, such as will fit them to fill the common walks of life, and to discourage a neglect of these for the pursuit of such as do not so immediately concern practical business.

Yet we think it right to furnish in the School the means of instruction in some of the more advanced studies such as Mathematics, Astronomy, the Latin, Greek and French languages, Natural Philosophy, &c. But we believe that in the present state of education among Friends in this Yearly Meeting, the Institution will be most useful in encouraging such a course of study as looks to the fitting of the children of Friends practically to fulfill the duties common to all—while we agree entirely with the recommendation of George Fox, that Friends' schools should teach whatever is useful in the creation.

Our friends Silas Cornell and Sarah M. Cornell have continued to serve the Institution as Superintendents, and Charles Artherton and Richard D. Meader as Teachers in the Boys' School, with the addition of Welcome O. Brown during the winter term. In the Girls' School as Teachers we have had the services of Martha M. Haines, Anna B. Paige, and Lydia Almy during the year. Instruction in the languages has been given as heretofore, for a part of the year by Lafayette Burr, and for the remainder by George Pierce.

The average number of Scholars has been one hundred and one, viz. fifty-one males and fifty females.

The family has generally been favored with health, and harmony has prevailed. Meetings for worship have been regularly held as heretofore in the house.

The accounts of the Superintendent and Treasurer of the School Fund have been examined and audited.

The expenditures of the School during the year ending with the last winter Term have been \$13,754 51.

The income from the School Fund has been \$6,595 20—and from board and tuition of Scholars and other sources \$6,912 72. Total income, \$13,507 92, being less than the expenditures by the sum of \$246 59.

The balance in the hands of the Treasurer at the end of the winter Term may be stated at \$262 18, being \$246 59 less than the balance in hand last year—that being the amount by which the expenditures have exceeded the income.

According to the conclusion of the Yearly Meeting last year, the Committee proceeded to ascertain, as near as might be, the actual expense incurred for the board and tuition of a scholar at the School, and found the same to be \$66 per Term, and that sum, according to the direction of the Yearly Meeting, has been charged the last Term for children members of other Yearly Meetings.

The Committee apprehend that this conclusion of the Yearly Meeting is one which it may be well to review, and they think the present a suitable time for the whole subject of the price of tuition and the application of the funds of the Institution to claim the renewed attention of the Yearly Meeting. They therefore believe it right, instead of proposing the terms for board and tuition the coming year, as has been heretofore usually done, to recommend the whole subject to the deliberate consideration of the Yearly Meeting.

We believe usefulness to the School would arise from the members of the Yearly Meeting's Committee on education

attending each of the semi-annual examinations at the School, and would suggest to the Yearly Meeting that such attendance be recommended.

We desire to impress upon the minds of Friends the importance, in our view, of children remaining through the Term they enter for, and being present at the examination at its close. Much discouragement to the care takers at the School and to the Committee, has resulted from scholars leaving previous to such examinations, and we believe a serious loss has also often resulted to the scholars who have thus left, as well as inconvenience to those who remain.

The subject of the training of the youthful members of our religious Society as it has ever been among the most important and interesting concerns of Friends, so we apprehend it remains to be of deep interest to the well being both of its objects and of the Society at large. There is both truth and instruction in the testimony of Scripture, "Train up a child in the way he should go, and when he is old he will not depart from it." We trust the interest of friends on this subject has not abated, and we feel encouraged to believe that the School has, under the Divine blessing, served to promote the object of a guarded and religious education, and we may express the desire that with the continued care of Friends, it may still be useful to the same end.

Signed on behalf and by direction of the School Committee.

STEPHEN A. CHASE, *Clerk.*

Newport, 6th mo. 15th, 1850."

The Committee to which was referred the Report of the School Committee, made the following Report, viz:

"TO THE YEARLY MEETING:

The Committee of Men and Women Friends, appointed to consider of the suggestions contained in the Report of the School Committee and any other subjects connected with the interests of the School, have had the same under consideration, and are united in proposing to the Yearly Meeting—that the price for board and tuition in the School the present year, commencing with the now current term, for members of other Yearly Meetings, be restored to the price formerly charged, viz: fifty dollars per Term.

That the price of Board and Tuition for children, members of our Yearly Meeting, for the ensuing year, be Thirty Dollars per Term—and for children not members, one or both of whose parents are members, be Forty-five Dollars per Term, and that the same price be charged for any others who may be admitted. Five dollars per term additional charge, being made in all cases for instruction in the languages.

That the amount to be appropriated the coming year, for free board and tuition, be restricted to the amount of the income of the charitable fund. Monthly Meetings to send forward to the School Committee, at their meetings in the 9th and 3d months, the names and ages of such children, within their limits, as they may think suitable to receive the benefit of the fund, and any other information regarding them which may aid the School Committee—and the children to be received are to be selected by that Committee. The conditions of the bequest of the principal part of the charitable fund being, in the words of the donor, "For the Schooling of such members of the Society as are actually poor, supported or not as such by the respective Monthly Meetings. Females to have equal advantages of the whole of the legacy as males."

On behalf of the Committee,

STEPHEN A. CHASE.

of all the Friends there assembled; that under the painful circumstances in which we are situated in relation to Philadelphia and Ohio Yearly meetings, the Cause of Truth will be best Subserv'd by our abiding in patience in relation to the interruption to the good order of society in regard to certificates, even though it may require individual sacrifices - that we be careful on our part faithfully to maintain our own discipline so far as any action of ours is concerned

At our Yearly Meeting of FRIENDS for New-England,
held on Rhode-Island in the sixth mo. 1851.

To the Quarterly and Monthly Meetings—

The subjoined annual Report of the Boarding School Committee was presented and read, and a committee was appointed to take the same into consideration, and report their judgment on the propositions contained therein to a future sitting.

TO THE YEARLY MEETING OF FRIENDS FOR NEW-ENGLAND,
SIXTH MONTH, 1851.

The Committee for the Superintendence of the Boarding School at Providence, Report—that they have given attention to their appointment, and from time to time met as a Committee at large and by Sub-Committees for the supervision of the School and its various concerns.

The Committee have, they trust, felt the weight and importance of their interesting charge, and have endeavored according to their ability to promote in the Institution a religious, guarded education, consistent with our religious profession.

The School during the year has been under the charge of our friends Silas and Sarah M. Cornell as Superintendents.—Charles Atherton and Moses C. Stevens have served as Teachers through the year, in the male department, with the addition of John Henry Crossman during the Winter Term. In the female department we have had the services of Anna B. Page and Anna Inman during the Summer Term, and of the latter with Deborah Holway and Mary W. Hawkes during the Winter Term. Elizabeth Prosser has also been engaged as a teacher of drawing, and has had the care of some of the younger scholars in both Schools during the year. Instruction in the Latin and Greek Languages has been given by George H. H. H. for both terms, and in the French Language during the Winter Term by Louise Parrot, a native French Teacher.

The average number of scholars has been ninety-two, viz., forty-eight males and forty-four females.

During the Summer Term, the health of the family was generally good. In the Winter Term the measles prevailed to a great extent among the scholars, there having been forty-six cases among one hundred and twenty-one scholars in the School at the time.

It was cause of thankfulness that all these cases terminated in recovery to health, except one. Mary Smith, daughter of Moses Smith, of Dartmouth, an interesting young woman, of amiable disposition and very exemplary deportment, was removed by death. She took the disease while laboring under some other bodily infirmities, which probably tended to increase its severity. Her strength rapidly declined, and after being confined to her room four days only, her gentle spirit passed away on the evening of the 21st of First month, being a few days over 18 years of age.

The accounts of the Superintendent and Treasurer of the School Fund have been audited.

The expenditures of the School for the year ending with the Winter Term have been \$13,413 12.

The income received from the School Fund has been \$7,495—and from board, tuition, and other sources, \$6,137 77. Total income, including balance of last year, \$13,632 77 ;—leaving unexpended in the Superintendent's hands \$219 65, an amount about equal to that in hand in Spring of 1850. Beside the above expenditures, the sum of \$529 50 has been expended on improvements on the farm and premises, and in the purchase of scientific Books, from funds specially appropriated to those objects.

We would propose that the terms for board and tuition the coming year, should remain as last year, viz. : for members of our Yearly Meeting Thirty Dollars per Term—for members of other Yearly Meetings Fifty Dollars per Term—and for children not members, one or both of whose parents are members of our Yearly Meeting, Forty-five Dollars per Term, and that the same price be charged for any others who may be admitted. Five Dollars per Term additional charge being made in all cases for instruction in the Languages.

That the amount to be appropriated the coming year, for free board and tuition, be restricted to the amount of the income of the charitable fund. Monthly Meetings to send forward to the School Committee, at their Meetings in the Ninth and Third months, the names and ages of such children, within their limits, as they may think suitable to receive the benefit of the Fund, and any information regarding them which may aid the School Committee ; and the children to be received, to be selected by that Committee. The condition of the bequest of the principal part of the charitable fund being, in the words of the donor, "For the schooling of such members of the Society as are actually poor, supported or not as such by the respective Monthly Meetings. Females to have equal advantages of the whole of the legacy as males."

The subject of the continuance of holding meetings for worship for the scholars and family in the house, has been several times, during the year, solidly considered by the Committee ; and it has resulted in the conclusion to bring the subject before the Yearly Meeting for their consideration, with a view, if the Yearly Meeting should unite therein, of the Committee for the superintendence of the School the coming year, being authorized, as way may open for it, to direct the discontinuance of such meetings in the house, and the attendance of the scholars and family of the Meetings for worship in Providence.

In conclusion, we would express a feeling of thankfulness for the sense we have of the continued usefulness of this School, and for the religious concern cherished, we trust, by Friends, that under the blessing of Divine Providence, the School may be increasingly useful in fostering in the minds of

our young Friends a love for the religious profession of the Society in which they have the privilege of membership, and a continued and increasing solicitude, that the precious doctrines professed by us may be faithfully upheld before the world—that the injunction of our blessed Saviour may be increasingly obeyed amongst us, "Let your light so shine before men, that they may see your good works, and glorify your Father which is in Heaven."

Signed on behalf and by direction of the School Committee,
STEPHEN A. CHASE, *Clerk*.

Providence, 6th month 3d, 1851.

The Meeting for Sufferings having proposed a regulation of Discipline as to the manner of making additions to our Meetings of Ministers and Elders, (the subject having been referred to that Meeting by this Meeting last year,) it claimed our solid consideration, and was referred for further deliberation to our next sitting.

The Committee to whom was referred the Report of the Boarding School Committee, made the following Report, viz :
"TO THE YEARLY MEETING NOW SITTING.

The Committee of men and women Friends appointed to consider the subject of authorizing the Committee for the Superintendence of the Boarding School, to discontinue as way may open for it, the meetings for worship for the scholars and family in the house, and to provide for them to attend meetings for worship in Providence—Report : That they have taken the subject into solid consideration, and they would recommend that the proposition in the Report of the Boarding School Committee in relation thereto, be adopted by the Yearly Meeting.

On behalf of the Committee,

ESTES NEWHALL,
RUTH H. BAKER.

Newport, 6th mo. 18th, 1851."

—which is satisfactory, and the Report of the School Committee is adopted, and the Clerk directed to forward copies of it to our subordinate Meetings.

The proposition of a regulation of Discipline in regard to the manner of making additions to our Meetings of Ministers and Elders, being now again brought before us, claimed our solid consideration, and was united with by this Meeting, and with the concurrence of the Women's Meeting, is adopted and established as Discipline—and the Clerk is directed to have it printed in suitable form and furnished to subordinate meetings, to be by them inserted in the Book of Discipline, and to go into effect when the meetings shall have received a copy of the same. It is as follows :—

"Instead of the paragraph commencing on the 78th page with the words "As these are officers, &c." and ending on the 79th page with the words "case of Elders," in the edition of the printed discipline of 1849.—the following paragraphs are to be substituted, viz. :

In the appointment of Elders, the following order is to be observed—Whenever it shall appear on solid consideration to any Monthly Meeting that an appointment of an Elder or Elders in such Monthly Meeting is right and proper, the Monthly Meeting are to appoint a Committee to consider of a suitable friend or friends rightly qualified for that station. The Monthly meeting both of men and women uniting therein. When said Committee are united in judgment, that any friend is rightly qualified for such station, they shall in writing request the Quarterly Meeting to appoint a Committee to join with them in considering the subject, without communicating the name or names of the friends proposed. The Quarterly Meeting shall thereupon comply with such request, the men and women's meeting uniting therein ; and if the Committee of the Quarterly Meeting so appointed shall advise thereto, the Committee of the Monthly Meeting shall propose such friend or friends to their Monthly Meeting ; and after the Monthly Meeting have approved such, adjudging them duly anointed and qualified for that service, as they are officers of the church at large, let them acquaint the Quarterly Meeting therewith, who after waiting for their concurring unity, and finding nothing to hinder, are to minute the same, and the friend or friends so appointed, may then sit in any of our Meetings of Ministers and Elders. Information of such appointments is to be given by the Quarterly to the select Quarterly Meetings, and by each of the Quarterly Meetings to the Yearly Meeting, and the names of the friends appointed are to be entered on the minutes of the select Quarterly Meetings, and on the Yearly Meeting's records.

And where any friend appears in public ministry, whose conversation shall be clean and blameless, and the Elders of the Monthly Meeting he or she belongs to, (or in case the Quarterly Meeting shall have joined the select members of two or more Monthly Meetings into one Meeting, then the Elders of such Meeting,) are convinced that the Lord hath called them to that weighty work, after duly waiting for due proof thereof, they shall in writing request the Quarterly Meeting to appoint a Committee to unite with them in considering the same, who shall thereupon comply with such request, the men and women's Meeting uniting therein, and if said Committee of the Quarterly Meeting shall advise thereto, the Elders of the Monthly Meeting or of the Select Meeting to which the select members of such Monthly Meeting may belong, shall signify their unity with the gift of such friend in the ministry to the Monthly Meeting, who after weightily feeling after the mind of truth therein, and being united in approving him or her as a Minister in the Church, the same be entered and sent forward, in like manner as in the case of Elders."

The Series have been read with the required
answers from our several preparative meetings
a summary of which we forward by our representatives
to our next Quarterly Meeting to be held at Waverley
on the 1st of August. The Series have been read by
William Lane who are requested to report on the same
at our next meeting.

The Committee appointed last month in regard to discipline
produced the following ~~min~~ ^{min}.

By, In transacting the business of
this meeting a case has occurred under the rule of discipline
as adopted in 1773 and which after having been suspended
for many years was readopted in 1800. By this rule, a member
is forbidden to marry a deceased wife's sister or a deceased husband's
sister's brother; and this meeting has been requested to take
Exercise in relation thereto the result of which has been
a united conclusion to present the subject to the consideration
of the Quarterly Meeting and ask its concurrence in carrying
it up to the Yearly Meeting.

It, himself does not rest for its authority on Scriptural
prohibition of such marriages or a belief that they are
unnatural in their nature, we can see no good reason for its
existence. But if they are prohibited by Scripture, by a
portion of our members, the latter who violate the rule should
be excluded from membership with us, so long as they remain
together in the marriage relation, because the offense con-
sists not merely in entering into the marriage relation, but
equally in remaining in it. If it is wrong in itself at first it
is equally so always at all times and the reason for the
exclusion remains equally as strong so long as it exists
as it was at first; and it is very plain that no satisfaction
can be made to society for an offence so long as it remains
undiscovered in the belief that this is a case where
of the subject is confirmed by what is understood to be the
construction of the discipline rule in other places where it
has prevailed. But a different construction has been put
upon the rule in some portions at least of the Yearly Meeting.

and persons continuing in this relation in violation of it, are permitted to remain in membership with us. We would, therefore, bring the subject to the notice of the next meeting and ask its consideration thereby, the more especially as it is understood that the yearly meeting adjoining us where the same rule heretofore prevailed has rescinded it. It seems very desirable to us that the discipline in relation to the rights of members should be as nearly uniform as possible where there is no strong and decisive reason for its being otherwise.

If, however, on consideration of the subject, the yearly meeting should not come to the conclusion that the rule should be rescinded it seems to us that some uniform rule of practice under it should be prescribed that we may not present the anomaly of excluding from membership in one portion of the yearly meeting, the point which is permitted in another and that friends' minds may be relieved from the strait into which they are now liable to be brought, on one side or the other in every case of the kind which occurs as to how far the rule ought to extend and be enforced.

Which is adopted and directed to be forward to the Quarterly meeting.

The Committee in the case of John Southwick request further time and are desirous to report next.

The Committee in the case of Henry A. Aldrich ask that it may be deferred from month to month with which this meeting unites and they are requested to report in the 4th mo.

To the Quarterly and Monthly Meetings—

The following Report of the Boarding School Committee is approved and adopted and the Clerk is directed to forward copies of it to our several subordinate meetings.

TO THE YEARLY MEETING :

The Committee for the superintendence of the Yearly Meeting Boarding School at Providence, report, that the objects of their appointment have received their attention. Meetings of the Committee have been held at the school-house monthly, and the schools have been visited in the intervals of these meetings by members of the Committee deputed to that service. The semi-annual examinations at the close of each term have also been attended by the Committee.

The deportment of the scholars, with few exceptions, has been orderly, and their improvement in their studies satisfactory, evincing industry on the part of the teachers and a commendable disposition on the part of the pupils to profit by the advantages enjoyed at the school.

Among the subjects of more particular concern with the Committee, has been that of enforcing the necessity of thoroughness in teaching and learning the rudimental parts of an English education—correct reading, spelling, and writing a good hand ; while more advanced studies, including the Latin, Greek and French languages, mathematics, &c., have been regularly taught.

A knowledge of the Holy Scriptures and of our religious principles and testimonies, so far as it may be imparted by school education, has been considered important, and its acquisition has been an object of concern and attention in the school ; and much labor has, from time to time, been bestowed to promote conformity to our well-known and consistent practice in relation to simplicity in dress and the use of the plain language.

The rules of the school in relation to these and other subjects, were, at the first meeting of the Committee the last year, revised, and having been printed, were directed to be furnished to each scholar on entering the school, and to the School Committees of the several Monthly Meetings ; and it is very desirable and important that Committees of Monthly Meetings should carefully consider, when they are applied to for certificates for scholars to be admitted to the school, of the fitness of such applicants as to their habits and moral standing, as well as docility and willingness to conform to the wholesome discipline and rules of the school ; and to grant certificates with due and proper discrimination in these respects.

The proposition of the School Committee to our last Yearly Meeting, in reference to the discontinuance of the holding of meetings for worship in the school-house, having been adopted by the Yearly Meeting, the subject was carefully deliberated upon by the School Committee at their meeting 7th month, 1st, and it was our conclusion that the meetings for worship in Providence should after that time, until the Committee should conclude otherwise, be considered the meetings for the scholars and family to attend.

We believe that advantages have resulted from this arrangement of much greater importance than sufficient to outweigh the difficulties sometimes experienced of all the family attending there. These difficulties have arisen chiefly in inclement weather, and when it would be improper for children, and particularly females, to walk the distance to the meeting in Providence. But the advantages are many and important : giving the children an opportunity to mingle, according to their several capacities, in religious concern, in a meeting for worship composed of many Friends with whom they are not associated at other times, and a meeting held in the public manner in which our society have always felt themselves bound to hold their meetings for religious worship.

During the last summer, under the care of the Committee having charge of repairs, new warming apparatus in the school-house, and other improvements, including a very complete arrangement for the supply of rain water, and its use in the facilities for bathing and washing in the eastern wing of the school-house have been made, and have been found beneficial in promoting the health and comfort of the family. Our late valued friend George Howland, kindly gave his personal attention and superintendence to this work during its progress, and farther manifested his interest in the prosperity and good of the Institution, by contributing liberally towards the expenditure in thus adding to the comforts and conveniences of the school.

At our meeting in the second month the Committee came to the conclusion that the Institution, having been in constant operation, with the short vacations, since its first opening in the year 1819, no sufficient time had been afforded to make that thorough repair and renovation of the house which the convenience, health and comfort of the family require ; and it appearing that alterations in some of the rooms, and several other matters of importance are necessary to be done, important advantages would be derived by vacating the school for the coming summer term, for a thorough repair and renovation of the school-house and appurtenances, the subject was laid before the Meeting for Sufferings for their advice in relation thereto. That meeting advised and consented that the school should be vacated until the time of the Yearly Meeting, for the proposed purposes, and that the subject of a longer vacation be then brought before the Yearly Meeting for their decision.

In the mean time a sub-committee has been authorized to

proceed with such of the proposed repairs and improvements as are earliest required, relying upon the approval of the Yearly Meeting and the liberality of Friends to supply the necessary means to defray the expenditure.

We have thought that at the present time it might be interesting and useful to remind Friends of the early concern of the Yearly Meeting in the establishment of a school for the “virtuous education” of the youth of our society, and briefly to advert to the progress of this engagement as manifested by a reference to the records of the Yearly Meeting and Meeting for Sufferings.

So far as we discover, the first minute that was made upon the subject in the Yearly Meeting was in the year 1779, when official information was called for from the subordinate meetings in relation to the state of education among them. The next year, 1780, after solid consideration, it was concluded to attempt the establishment of a school ; and it was recommended to “the several Quarterly and Monthly Meetings the promoting of free, liberal and voluntary subscriptions, donations, bequests and devises, adequate to the design and importance of the subject”—“and that it become the care of Friends in future, in all the Meetings, to promote, annually, subscriptions to be applied to the use of the school, until the income of the fund shall be sufficient, and so make such annual subscriptions unnecessary.”

The subject was then committed to the care and management of the Meeting for Sufferings, which accordingly proceeded to take charge of the case, and entered vigorously upon the work. It was a time when Friends, in common with others, were laboring under many difficulties and embarrassments, in consequence of the war then existing between this country and Great Britain. Nevertheless, in 1782 the Meeting for Sufferings issued a powerful and extended printed address to Friends, in which they quote the memorable words of George Fox, when he expressed his concern that our children should be instructed in “whatsoever things were civil and useful in the creation.”

This address was liberally responded to, considering the pecuniary situation of most of our members at that time, and from year to year, funds were raised and forwarded to the Meeting for Sufferings. Rhode Island Monthly Meeting contributed freely of the income of property in its possession. A room in the meeting-house at Portsmouth, R. I., was prepared for the reception of scholars, and the school was opened under the care of Isaac Lawton as teacher, in the 11th month, 1784.

A very judicious code of Rules and Regulations was prepared by the Meeting for Sufferings for the observance of the teacher and scholars, and in a minute on record, they say—“Besides the necessary literary instruction, the children are to be taught habits of regularity, of decency, of respectful subordination to their superiors, of forbearance, affection and kindness towards each other, and of religious reverence towards their Maker, and those habits of silence and recollection, taught and practised in the ancient schools, and inculcated in the Holy Scriptures.”

The school appears to have been continued until the year 1788, when the funds being found to be inadequate for its support, they being chiefly applied to the board and instruction of the children of the poor, it was concluded best by the Yearly Meeting to vacate it for a time, or until some more adequate provision could be made for its support, and the funds on hand were placed on interest to be increased from time to time by subscriptions and donations.

The concern for re-opening the school was frequently revived in the Yearly Meeting, but it was not thought prudent to take any decided step towards its re-establishment until the following communication was received from our late valued friend Moses Brown, viz :

“PROVIDENCE, 4th of 5th mo. 1814.

TO THE MEETING FOR SUFFERINGS :

Dear Friends—As my feeble state of health prevents my attending the Meeting at this time, I thought best to inform you that in the course of my confinement by bodily indisposition for some time past, the subject of the Yearly Meeting's School has been renewedly brought under my consideration. And believing that a permanent institution for a guarded education of the rising generation will be promotive of their usefulness in society and the honor of truth, I have, for the furtherance of these desirable objects, concluded to give a tract of land on the west part of my homestead farm, containing about forty-three acres, for the purpose of erecting suitable buildings for the Boarding School thereon : provided the Meeting should consider it an eligible situation, and conclude to carry into effect the establishment of the benevolent institution thereon. If the Meeting should appoint a committee to view the ground, consider of the proposal and report their prospect to the next Meeting for Sufferings, which may be more generally attended, they can then act upon it, as it shall appear to them best. You will however dispose of the proposal in this or any other way that appears to you best. As treasurer of the School Fund, I may for your information mention, that its present amount is about nine thousand three hundred dollars. With desires that this important subject may be considered, and proceeded in in conformity to the mind of Truth, that we may hope for its blessing,

I conclude, your affectionate friend,

MOSES BROWN.”

Subscriptions were now renewedly recommended Friends to for the purpose of proceeding in the establishment of the School upon a more extended plan and more permanent basis

than before, which were so liberally made, that in the sixth month 1815, it was concluded after mature deliberation, "that the time has come when it will be best to proceed in making provision for erecting buildings for the necessary accommodation of the Boarding School on the lot proposed to be given by our friend Moses Brown."

Friends very generally throughout the Yearly Meeting contributed according to their ability to promote an object which they felt to be very desirable for the interests of our religious society, and the necessary buildings being completed and properly furnished, the school was opened the 1st of 1st month, 1819.

While many might be enumerated who gave liberally towards its establishment and contributed annually for its support during the infancy of the institution, the following Friends have left bequests in their wills, which constitute a fund, by means of the income of which more than one half of the expense of each scholar who is a member of our Yearly Meeting is defrayed, viz: Thomas Folsom, Lydia Tillinghast, Sylvester Wickes, Obadiah Brown, Moses Brown, Amy Green and Abraham Shearman, Jr.

Since the School has been in operation subscriptions among a limited number of Friends have been several times made for specific objects, as the enlargement of the School buildings, the procuring of philosophical apparatus, &c. by which we believe much usefulness has been derived to the school.

There are now many improvements and repairs proposed—all very desirable and some absolutely necessary.

If the Yearly Meeting deems it proper to recommend a subscription for these purposes, we cannot doubt it will be entered into with cheerfulness and liberality. We trust there are none among us, who will not be disposed to do something for this institution—and however small may be the contribution, that some individuals may feel themselves able to make, it will be acceptable and will place them on the list of those, who, according to their ability, are benefactors to an institution, alike intended for the benefit of all—and the usefulness of which has already been extensively felt within our borders, and which we trust under the blessing of Divine Providence, will continue to be experienced not only in our day, but in succeeding generations.

We have had during the past year in the school, the services of our friends Silas and Sarah M. Cornell as Superintendents,—Charles Atherton and Moses C. Stevens as Teachers in the boys' school, with the addition of John Henry Crossman for the summer, and of William Foster Mitchell for the winter term.

Deborah Holway and Mary Ann Stanton have been engaged as teachers in the girls' school, assisted during the winter term by Sarah Alice Cornell.

Instruction in the Latin and Greek languages has been given during the summer term by George Pierce and the winter term by Charles F. Brownell.

Elizabeth Prosser has also, as last year, been engaged as Teacher of Drawing and has had the care of some of the younger scholars in both schools during the year. Instruction has also been given in the French language.

The average number of scholars has been 89, viz: 48 males and 41 females.

The accounts of the Superintendent and Treasurer of the School Fund have been audited.

The expenditures of the School for the year ending with the winter term, have been—

By Superintendent, - - \$15,168 30
Interest and insurance paid by Treasurer, 159 17

\$15,327 47

The income from the School Fund, \$6,838 51
Balance in Treasurer's hands last year, 178 81
Hired of Manufacturers' Bank, - 2,500 00
Advanced by the Treasurer, - 51 85

9,569 17

From Board, Tuition and other sources, including balance in Superintendent's hands last year, 6,034 95

\$15,604 12

Leaving unexpended in Superintendents hands, 276 65

\$15,327 47

From income of funds specially appropriated to the purpose, a further sum has been expended on the farm and premises, of \$390 00

We recommend that the terms of last year for board and tuition be continued—books and stationery being charged at actual cost, viz:—for members of our Yearly Meeting thirty dollars per term, for members of other Yearly Meetings, fifty dollars per term, and for children not members, one or both of whose parents are members of our Yearly Meeting, forty-five dollars per term, and that the same price be charged for any others who may be admitted; five dollars per term additional charge being made in all cases for instruction in the Latin and Greek languages, and the same charge for French. Payments to be made half at the commencement and half at the middle of each term.

That the amount to be appropriated the coming year for free board and tuition, be restricted to the amount of the income of the charitable fund. Monthly Meetings to send forward to the School Committee in the ninth and third months, the names and ages of such children, within their limits, as they may think suitable to receive the benefit of the fund and any information regarding them which may aid the School Committee, and the children to be received, to be selected by that committee. The condition of the bequest of the principal part of the charitable fund being in the words of the donor, "For the schooling of such members of the society as are actually poor, supported or not as such by the respective Monthly Meetings. Females to have equal advantages of the whole of the legacy as males."

We trust the cause of education, and the religious training of the youth of our society are held in unabated estimation by Friends. The children of our families are a sacred trust committed to our care, for whose culture in every sense a solemn responsibility attaches.

This institution for the guarded education of the youth of our society, which has been so much the object of the religious concern and care of Friends, and which has shared so largely in their liberality in its founding and support, will, we trust, continue to be the object of undiminished interest.

Signed on behalf and by direction of the School Committee.
STEPHEN A. CHASE, Clerk."

Providence, 6th month, 1st, 1852.

It appearing that there continues to be manifest deficiency in the recording of births, deaths and burials, this Meeting encourages Friends to greater care in this respect, and recommends that in each Monthly Meeting there should be an annual appointment not only of a Recorder but of a Committee, selected from each Preparative Meeting, to report births, deaths and burials to the Recorder; and the Clerk is directed to forward a copy of this minute to the several Quarterly and Monthly Meetings.

The Committee to whom was referred the proposition from Smithfield Quarterly Meeting, in relation to marrying in the kindred by affinity, made the following Report, viz: :

"TO THE YEARLY MEETING.

The Committee to whom was referred the subject of a change of the discipline in relation to marriage, as proposed by Smithfield Quarterly Meeting, have considered the same, and are united in recommending that the provision of the discipline which prohibits the marriage of a deceased husband's brother, or a deceased wife's sister, should be rescinded.

For the Committee,

BENJAMIN FRY,
MARY SHOVE.

Newport, 6th mo. 17th, 1852."

Which is satisfactory, and with the unity of the Women's Meeting, that portion of our Discipline upon this subject, revived in 1830, is hereby repealed. The Clerk is directed to give the necessary information to our Subordinate Meetings, and they are requested to expunge the article referred to from our Books of Discipline.

The Committee to whom was referred the consideration of the article of our discipline concerning burials, made the following report, viz: :

" TO THE YEARLY MEETING.

The Committee appointed to take into consideration the subject of some alteration in our Discipline relative to Burial Grounds—having given their attention thereto, recommend that the second paragraph on page 12th of our present Book of Discipline be rescinded and the following substituted.

Being very desirous that Friends should keep a commendable plainness and simplicity in the burial of the dead, as well as in other respects—it is the advice of this meeting that no monuments be set up in our burial grounds near or over the dead bodies of Friends, or others, except a plain stone not to exceed fifteen inches in height above the surface of the ground, on which no inscription shall be made other than the name, date of death and age of the deceased. And it is advised that the several Monthly Meetings take care that in these respects our testimonies be carefully maintained. And also to see that all burial grounds be properly enclosed.

On behalf of the Committee,

JOHN OSBORNE.

Newport, 6th mo. 18th, 1852."

—which being solidly considered, it is united with, and the article of our Discipline on the subject of Burials, on the 12th page, beginning with the words "and whereas Friends," and ending with the words "are decently enclosed," is, with the unity of the Women's Meeting, hereby repealed, and the paragraph proposed by the Committee is substituted therefor; and the Clerk is directed to furnish copies of this article to our several subordinate meetings, and they are requested to cause the same to be inserted in our Books of Discipline.

From the Minutes of the Meeting,

SAMUEL BOYD TOBEY, Clerk.

The several Preparative Meetings are requested to raise their usual proportion of the same in forward to our monthly Meetings Treasurers.

The time for which the Clerk and Representatives were appointed having expired the Representatives are requested to report suitable names for that service next month, they are also requested to see that the several Preparative Meetings send up suitable names for Overseers, overseers of the Poor and friends to have the care of Funerals.

Clerk

At the Yearly Meeting of Friends for New-England, held on Rhode-Island, in the sixth month, 1854.

The Boarding School Committee presented their Annual Report, which was satisfactory to this Meeting, and the propositions thereof approved, and the Clerk directed to furnish copies of it to our Quarterly and Monthly Meetings. It is as follows, viz :

"TO THE YEARLY MEETING :

The Boarding School Committee report, That they have given attention to the duties of their appointment, during the past year, and according to ability afforded, have endeavored so to direct the affairs of the institution as to render it most conducive to the design of Friends in its establishment.

There were admitted for the Summer Term 114, and for the Winter Term 192 scholars—12 of the latter to supply the places of those who failed to come. Of those admitted, 106 in the Summer and 158 in the Winter Terms, attended the School.

Circumstances no doubt occur, which necessarily prevent a scholar from coming to the school after applying for and obtaining admission, but we desire to impress upon the minds of Friends, the inconvenience and often the loss liable to be sustained, when scholars who apply for and obtain regular admission, and who are included in the number which the school can accommodate, fail to come, and their places remain vacant, to the exclusion of others who are desirous of filling them. Embarrassment has resulted from this cause during the last year, and we consider it quite important that Friends in making their applications for admission of scholars, should bear these considerations in mind.

We have had the acceptable services during the year of Charles Atherton, and Gertrude E. Whittier, as Principals, assisted during the Summer Term by Edward G. Hoag, William H. Varney, Lydia M. Neal and Pamela C. Varney, and as Teacher of Latin and Greek, by Charles H. Parkhurst;—Gertrude E. Whittier also, taught the French Language—and during the Winter Term by William H. Varney, Charles A. Smiley, Timothy B. Hussey, Anna McKeel and Parmelia C. Varney; and as Teacher of Latin and Greek, by William L. Dean, and of French and German, by Louise Parrot. Elizabeth Prosser has been Teacher of drawing and needle work through both Terms.

We believe the system of teaching under these instructors, has been thorough, and the government of the school firm and at the same time kind and parental. The progress of the scholars in their various studies has been generally satisfactory, evincing care and industry in both scholars and teachers.

Orderly deportment has generally been observed among the scholars, and a disposition cheerfully to submit to the rules of the school has been shown, with very few exceptions.

The plan adopted of placing the domestic and farming operations of the institution under the care of a Steward and Matron, has been continued in operation during the year, so far as circumstances would permit, and we believe these departments have been conducted as satisfactorily and economically as under any former system.

Attention has been given to promote the improvement of the farm and grounds about the house, and a generous offer by a friend to present the institution with a sufficient number of fruit trees to plant two or three acres of land and to attend to the planting of the same, has been accepted by the Committee, and the trees, as proposed, have been planted the present spring.

The extensive and thorough repairs which were put upon the buildings in 1852, have added very much to the convenience, pleasantness and usefulness of the school. It has been found necessary however to make some considerable alterations and improvements in the apparatus for cooking, in which at the time of the general repair alluded to no alteration was made.

A full supply of pure water in the institution is of great importance, and the attention of the Committee has been given to this subject, and arrangements are made which it is hoped may secure this end.

Meetings for worship have been continued in the school on First Day mornings. These meetings have been frequently attended by members of the Committee. The deportment of the scholars on these occasions has been serious and becoming, and they have at times been seasons of much solemnity. On First Day afternoons, and in the middle of the week, the family attend meeting in Providence. Harmony has, during the year, been preserved among the various branches of the family.

Leave has been granted by the Committee to the trustees of Obadiah Brown's Benevolent Fund, to take copies of the minutes made by the School Committee, respecting our late beloved friends, Moses Brown, William Almy and Obadiah Brown, with a view to their being printed.

The family has during the year been mostly preserved in health, yet one member has been removed by death. Our esteemed friend, Hannah Allen, who died after a short illness of pneumonia, in the second month last. She bore her sickness with much Christian patience, looking in prayer as we trust to that source from whence alone true consolation and support come. Our friend had acceptably filled the station of matron, and at the time of her last sickness was in the performance of the responsible duties of nurse.

The accounts of the institution for the past year have been examined and settled, by which it appears that there has been received :

From the income of the School Fund,	\$6,710 40
From the Charitable Fund,	460 00
From the Farm Fund,	390 00
From Scholars, for board, tuition, stationery, &c., including \$76 21, from sales of some small articles,	10,316 00
	\$17,876 40.

The expenditures of the institution have been :

By the Treasurer, for fire insurance,	165 00
Interest on \$6,500; borrowed from the Farm Fund, \$390 00, and on other indebtedness of the institution, \$205 70,	595 70
Payments by the Principal for the support of the institution, including salaries, wages, supplies for the family, repairs and improvements, &c.	18,718 79
	\$19,479 49

At the time of our last report the indebtedness of the institution was,	\$1,955 99
By the above statement of the accounts it appears that the income has fallen short of the expenditures, the sum of	1,603 09

Increasing the indebtedness, to the sum of	\$3,559 08
--	------------------

Beside the indebtedness of \$6,500 to the farm fund.

The excess of expenditures may be mainly attributed to the increase in the prices of nearly all articles of consumption, required in the institution.

In view of the above result, it seems not only prudent and proper but absolutely necessary to increase the price of board and tuition. And after much consideration we have concluded to recommend that the charge per Term should be \$40 for members of our Yearly Meeting—\$60 when one or both parents are members of this Yearly Meeting, or the children are being brought up as Friends, or are sent at the charge of members of this Yearly Meeting, and also for members of our Society of other Yearly Meetings—and \$80 for any others that may be admitted. That \$5 per term additional charge continue to be made for instruction, either in the ancient Languages, in French or in Drawing.

Payment to be made half at the commencement and half at the middle of each term—books and stationery being furnished as last year at actual cost.

We add hereto the following extracts from our report of last year, for the information of Friends, viz :—As the number to be admitted is limited to 80 of each sex, it will be necessary that the Committee should be seasonably informed of all, in this Yearly Meeting, that desire to occupy places in the School, in order that they may determine how many others, if any, may be received. Applications should therefore, in all cases be made seasonably to be laid before the meetings of the Committee, held on Third day before the first Fifth day in the Ninth month, for those who desire to attend during the Winter Term—and on Third day before the first Fifth day in the Third month, for those wishing to attend the Summer Term. Monthly meetings desirous of occupying the privilege of the charitable fund, are requested to send their applications in season for the meeting of the Committee in the Ninth month, and to specify whether they desire it during the Winter or succeeding Summer Term. All communications respecting the admission of scholars may be addressed to one of the principal Teachers.

It is expected that scholars will be at the school punctually at the commencement of the Term, but if circumstances occur to prevent such attendance, notice is to be forwarded to the principal Teachers, within one week of that time, stating whether or not their places are desired to be reserved for them. A failure to attend the School or to give the notice above specified, shall be considered a relinquishment of the privilege, unless again admitted by the Committee, and in all cases of children being admitted for the Term and attending the School, it is expected that payment will be made for the Term.

In conclusion, we believe there is cause for encouragement for Friends still to avail themselves of the means for improvement which the Institution presents, and to continue to watch over and endeavor to promote its interests.

Signed on behalf and by direction of the School Committee
STEPHEN A. CHASE, Clerk.

Providence, 5th Month, 30th, 1854."

A proposition from Salem Quarterly Meeting in relation to the issuing of advice by this Meeting with regard to obtaining minute information in respect to the observance of the fourth query coming under consideration at this time, by reference from our Minutes of last year, and the subject of it having claimed our serious attention by the reading of the answers now received to that query, in consequence of a want of sufficiently definite information in regard to the use of spirituous liquors, it is the desire of this Meeting that our subordinate Meetings should in future make in their answers, a definite statement as to the number coming to their knowledge (should there unhappily be any within their limits) who use spirituous liquors, except for medicine, and Friends are requested to be faithful in the exercise of our Christine Discipline on this subject, and in the answers to all our queries, our Meetings are requested to make them as explicit as is practicable, and the Clerk is directed to furnish our subordinate Meetings with a copy of this minute.

To the monthly meeting

The committee appointed in the ~~case~~ 12th mo last on the subject of the Pelham meeting house &

Report

That we made a journey to Pelham and found upon Examination the property to consist of about four (4) acres of land with an old dilapidated building formerly used for a meeting house which had been unoccupied for a number of years and the ruins of a Horse shed which had been blown down, considering the impossibility of the property ever being used again for the purpose for which it was given to the Society we could see no use in the Society any longer retaining it, we therefor came to the conclusion that it would be best to sell it without further delay. Not finding a purchaser at private sale, we advertised it to be sold at auction and it was bought by Ezra Cook of Pelham for Eighty six dollars ⁵⁰ \$86.50. He paid \$25. in cash and gave his note for the balance \$61.50. Finding that a corner of the lot had formerly been used for a grave yard we reserved from the sale that portion of the land about half an acre with a right to pass to & from it over the adjoining land. The Expenses of the sale travelling expenses &c amount \$24.50.

 cost of repairing the sheds at Uxbridge and Northbridge
 reported as follows viz. Uxbridge monthly meeting
 may inform that Uxbridge sheds will cost \$75.

At the Yearly Meeting of Friends for New England held in Rhode Island in the sixth month, 1855.

The Boarding School Committee presented their annual Report, viz:

"TO THE YEARLY MEETING."

The Committee charged with the superintendence of the Boarding School at Providence, Report

That the School has been continued in operation during the two terms of the last year. For the Summer term there were admitted one hundred and eighteen, and for the Winter term, one hundred and sixty-three scholars, nearly all of whom attended the school.

Our friends Charles Atherton and Gertrude E. Whittier have continued to render their acceptable services, as principals, assisted during the Summer term by William H. Varney, Charles A. Smiley, Timothy B. Hussey, Anna McKeel and Parmelia C. Varney; and during the Winter term, by Timothy B. Hussey, Augustine Jones, Anna McKeel and Parmelia C. Varney; as teacher of Latin by George H. Marston, and of French by Adele Parrot. Elizabeth Prosser has been engaged as teacher of Needle-work and Drawing for both terms.

Meetings of the Committee have been held monthly at the school, and members have been deputed at these meetings, for the more immediate care of the schools and family during each month. By these means, we believe a pretty thorough knowledge of the affairs of the Institution and the state of the Schools has been obtained by the Committee, and these have been generally satisfactory.

Harmony has been maintained in the family, and orderly deportment observed with little exception. The progress of the scholars in their various studies has also been generally what could be desired. Meetings for worship on First Day mornings have been held in the school-house as heretofore.

Notwithstanding the extensive repairs and improvements which have, within a few years, been made upon the house and school premises, it has been found necessary during the year past, to make some farther expenditure for these objects. During the last summer a long continued and severe drouth occasioned a short supply of pure water, for which, to a considerable extent, the collection of rain water was depended on. A sufficient supply of this article being deemed indispensable, the Committee did not hesitate to carry out a plan, long contemplated, of bringing by iron pipes, raised by a force pump, the water of the spring situated on the easterly part of the school lands, to the school-house. By this means the school was sufficiently supplied.

Other expenditures, which may be classed under the head of improvements, have also been necessarily provided for, amounting, with the water-works above mentioned, to about forty-five hundred dollars.

We believe that the state of the house and premises is now such, that little expenditure, other than for the ordinary current expenses of the school will be required for some time to come.

The accounts of the Institution have been audited and settled. The receipts have been—

From the income of the School Fund,	\$6,897 74
From the Charitable Fund,	431 25
From a Friend at Prince Edward's Island,	50 00
From Scholars, for Board, Tuition, Stationery, &c.,	12,362 30

Total receipts, - - - - - \$19,741 29

The expenditures have been—

By the Treasurer, for Fire Insurance,	\$165 00
Tax of 1853,	200 97
Payment for Board and Tuition of Scholars at the School from the Charitable Fund,	440 00
Interest on \$6,500, borrowed from the Farm Fund, and on other indebtedness of the Institution,	707 95
Expense of copies of papers,	1 50
Payments by the Principal for the Support of the Institution, including salaries, wages, supplies for the family, farm expenses, repairs and improvements,	22,943 75

\$24,459 17

At the time of our last report the indebtedness of the Institution, exclusive of the sum borrowed from the Farm Fund was \$3,559 08

This indebtedness has been increased as will be seen by the preceding statement, during the last year, the sum of 4,717 88

Making the present debt \$8,276 96

The sum of four thousand four hundred and eighty-nine dollars, eighty-seven cents, of the expenditures and consequent increase of indebtedness, above mentioned, has arisen from the disbursements for repairs and improvements, a large part of which were made the previous year, but appear in the above account. Beside which will be found in the account of expenditures the sum of two hundred dollars, ninety-seven cents, for the Tax assessed upon the School premises, in 1853, and of seven hundred and seven dollars, ninety-five cents, for interest on the indebtedness of the Institution, including that paid to the farm fund. The latter charge will of course cease, when means shall be found to discharge this indebtedness. The subject of Taxes, presents a question of much interest to the future financial prospects of the School, and is one to which the close attention of the Committee has been directed.—What the result may be, is not yet decided.

It appears probable from the above statement of the accounts, that exclusive of interest, taxes, and improvements on the premises, the present prices of Board and Tuition would sustain the School.

In their report to the Yearly Meeting, in 1853, the School Committee proposed the appropriation of the proceeds of the sale of lands, north of Olney-street, authorized by the Yearly Meeting in 1847, to the payment of the indebtedness incurred the preceding year, for the extensive repairs and improvements then made, the same to be considered in the light of a loan to the School Funds, the interest of which should be annually expended in the permanent improvement of the real estate. This proposition was adopted by the Yearly Meeting; since that time, as well as previously, large expenditures have been made, for the objects to which the income of the above fund was concluded to be appropriated, much exceeding, together, the amount of the principal of the fund. We think it right, therefore, and accordingly propose that the appropriation of this fund shall no longer be considered as an item of indebtedness against the school funds; but that the principal having been expended in the permanent improvement of the real estate, the indebtedness of the school funds therefor shall be discharged.

At our Meeting, held 2d month, 27th, in view of the circumstances of the school, the following minute was adopted, viz: "The present condition of the Institution, in its several relations and especially its pecuniary situation, coming under consideration at this time, it is the sense of this Committee, after very carefully and seriously weighing the matter, to propose to the Meeting for Sufferings, to vacate the School, from the close of the present term, until the time of our next Yearly Meeting, with a view to the further continuance of the same, if the Yearly Meeting approve; and the Clerk is requested to furnish the Clerk of the Meeting for Sufferings with a copy of this minute."

At our Meeting, held 4th month, 3d, we received from the Meeting for Sufferings the following minute, viz: :

"At a special meeting of the Meeting for Sufferings, held at Providence, 3d month, 9th, 1855, the following communication was at this time received from the Boarding School Committee, (referring to our minute above recited,) and after a time of deliberation thereon, in which this Meeting has endeavored to give the subject that solid consideration which its importance demands, it is concluded to accede to the proposition from the School Committee, and the Clerk is directed to furnish the Committee with a copy of this minute."

"Extracted from the Minutes, Samuel Boyce, Clerk."

In accordance with these conclusions the School is now vacated, and we have agreed with Charles W. Earle, and his wife, Cynthia H. Earle, to give their services as steward and matron, to reside in the house, and have the care and keeping, and the general supervision of the lands, buildings and property belonging to the Institution, of every description; and we have authorized the said Charles W. Earle to hold the custody of the premises and property.

All of which we submit to the consideration of the Yearly Meeting.

Signed on behalf and by direction of the Committee,
STEPHEN A. CHASE, Clerk.

Newport, 6th mo., 9th, 1855."

which was referred for consideration, together with the affairs of the School generally, to a Committee who at a subsequent sitting made the the following Report, viz :

"TO THE YEARLY MEETING."

The Committee appointed to take into consideration the propositions made by the School Committee in their Report, and the affairs of the Boarding School generally, have met twice, and after a very free and full interchange of sentiment in relation to the several matters referred to them, have united in reporting to the Yearly Meeting for their adoption, the following propositions, viz:

That the proposal of the School Committee respecting the indebtedness of the School Funds to the fund for the improvement of the real estate, called the farm fund, be approved, and the said indebtedness be discharged.

That the School Committee to be appointed by the Yearly Meeting at this time, be directed to look towards the opening of the School at the commencement of the winter term, and to make arrangements, so far as may be practicable, for such opening.

That Monthly Meetings take care, by committees, that suitable enquiries be made as to the fitness of scholars, proposing to enter the school, belonging to their respective meetings, and to such as said committees shall approve to give certificates, which certificates shall be required by the School Committee in order for admission.

That the charge per term be \$40 for members of our Yearly Meeting; \$60 when one or both parents are members of this Yearly Meeting, or the children are being brought up as Friends, or are sent at the charge of members of this Yearly Meeting, and also for members of our Society of other Yearly Meetings; and \$100 for any others that may be admitted. That \$5 per term additional charge continue to be made for instruction, either in the ancient languages, in French or in Drawing. Books and stationery being furnished as last year, at actual cost. It is desired that payment for each term be made in advance, but if in any case this is not practicable, one half to be made at the commencement, and the balance at the middle of the term.

Applications for admission into the School, and for the benefit of the Charitable Fund, to be made as directed in the report of last year. Address, Superintendant Friend's Boarding School, Providence, R. I.

By direction of the Committee,
WM. C. TABER, Clerk.

To The Monthly Meeting

We having been appointed a Committee in relation to Ticknoid particular meeting Report

That we have received a letter in answer to one addressed to a member of that meeting,

The substance of which is that their meeting is very small and that it has not been kept up for several weeks past and in consequence of several members having removed to other places and the feeble health of those that remain the prospect seems small for the meetings being continued much longer though a hope is expressed that it may revive

We herewith produce a certificate of removal to Boston Monthly meeting ~~to the~~ for Daniel Babcock & wife

The Committee in the Douglas burying ground case made the following report. That we found the lot in a very neglected and disreputable state a large part of it being covered with brush & stones and without fences around it. As there is no probability of its ever being again wanted for the use of the society your Committee were of opinion that it would be best to sell the land for as much as it would bring, but owing to its condition they were unable to find a purchaser at private sale. They accordingly offered it at auction and it was sold for seven dollars a sum not quite sufficient to pay the expenses attending the sale.

In the deed given to the purchaser a reservation was made of that small portion of the lot which has been used for a burying ground with a right of way to it forever.

The purchaser of the lot was John Chase of Burrillville R.I. who has relations buried there 2nd mo 28th 1857. O. H. Cotton for the Committee

YEARLY MEETING, 1857.

The Boarding School Committee presented their Annual Report, which is satisfactory to this Meeting, and the friends now under appointment, are continued for the ensuing year, to act in our behalf, in conjunction with a Committee of the women's meeting, in the government and superintendence of the Institution, and they are requested to report to this Meeting, next year. The Report is as follows:

"TO THE YEARLY MEETING.

The Committee for the Superintendence of the Boarding School at Providence, have attended to their appointment and report as follows:

The School has been continued during the two terms of the past year. For the Summer term forty-nine males and sixty three females, and for the Winter term eighty-seven males and seventy-five females were admitted as scholars, and attended the school, nearly all of them for the full terms.

The arrangement with Joseph and Gertrude W. Cartland as Principals, mentioned in the report of the School Committee last year, has been continued during the year now closed, and under it we believe the various interests of the school have been satisfactorily conducted.

Meetings of the Committee have been held monthly at the School, and members deputed to visit the Institution and inspect its management in the intervals, and we believe that the character of the school has been satisfactory to Friends as it has been encouraging to us.

The assistant teachers employed, have been John F. Rowell, William P. Macomber, Pamela C. Varney, Elizabeth Arnold, and Anna Mekeel, in the common English branches; Franklin E. Paige in Mathematics; Joseph W. Congdon teacher of Greek and Latin; Alphonse Renaut teacher of French and German; Marianna Stanton and Mary E. Potter, at different times teachers of Drawing; and instruction has been given in needle-work by Gertrude W. Cartland, assisted by other teachers.

The usual branches of an English education have been taught, and instruction in the languages given, and the Committee have arranged for a course of study for such as wish the full benefit of a systematic education, as suggested in the report last year. Care has been continued to promote the knowledge of the Holy Scriptures, and of the principles of our religious society.

Meetings for worship on First Day mornings, have been continued in the school house as usual—the scholars at other times attending Friends Meetings in Providence. At most of the meetings held at the Institution, members of the Committee, or other concerned Friends have been in attendance, and they have been held to good satisfaction.

The examinations at the close of each term, have been attended by members of the School Committee, and of the Yearly Meeting's Committee on Education, and other Friends, and they have been occasions of much interest.

The health of the scholars has generally been good, and becoming order and harmony have been well maintained both in the school and family.

The accounts of the Institution have been examined, and the result may be stated as follows:

CHARITABLE FUND.

In Treasurer's hands last year, ...	\$126 25
Receipts for the year, ...	448 75
	\$575 00

Payments for the board and tuition of twelve scholars, one term each, ...	480 00
In hands of Treasurer at this time, ...	95 00
	\$575 00

GENERAL FUND.

Receipts from income of School Fund, ...	\$6,636 06
" " old account of Manufacturers Bank, ...	66 74
	\$6,702 80

Payments, (exclusive of those provided to be paid by the Principal)	
Fire insurance, ...	\$165 00
Repairs of school premises, ...	1,084 63
To Joseph Cartland on contract, ...	3,000 00
	\$4,249 63

Which deducted from the receipts leaves an excess of, ...	2,453 17
---	----------

Of which excess \$682 08 is in the Treasurer's hands, and the balance has been applied to the payment of interest and principal of the debts of the Institution—

Leaving the present debt, less the balance in the Treasurer's hands, ...	\$3,817 92
This debt as reported last year was, ...	5,922 22

It will be seen therefore that the principal of the debt has been lessened the past year, \$2,104 30.

This result encourages the expectation that the school may be maintained usefully and the debt before long discharged.

We would propose, that the Summer term should commence as at present on Fourth Day before first Fifth Day in the fifth month, and continue twenty-one weeks; and that the Winter term should also commence as at present, on Fourth Day before the first Fifth Day in the eleventh month, and continue twenty weeks; and that there should be no intermission of these terms by any recess during their continuance, and that the charge for board and tuition be the same as last year, viz, \$40 per term for members of our Yearly Meeting, \$60 for members of other Yearly Meetings, and where one or both parents are members of our religious society, or the scholars are sent at the charge of such members; and \$100 for any others who may be admitted. That \$5 per term additional charge continue to be made for instruction, either in the Ancient Languages, in French, or in Drawing, books and stationery being furnished as heretofore at actual cost.

We refer again to certain regulations, as heretofore agreed upon by the Yearly Meeting, respecting the times of payment, manner and times for the admission of scholars, &c., which accompanied the report of the School Committee last year; and we regret to find that these regulations, as respects the terms of payment and punctuality in attendance at the commencement of the terms of the school, are not so carefully observed as is desirable.

In conclusion, we may express our belief, that the Institution continues to be useful in promoting the objects of Friends in its establishment.

Providence, sixth month, 2d, 1857.

Signed on behalf of the Committee,
STEPHEN A. CHASE, Clerk."

Regulations referred to in the above report of the School Committee.

"As the number to be admitted is limited to eighty of each sex, it will be necessary that the Committee should be seasonably informed of all in this Yearly Meeting that desire to occupy places in the school, in order that they may determine how many others, if any, may be received.

Application should therefore be made for members of our Yearly Meeting, seasonably to be laid before the Committee at their Meetings to be held on Third Day, before the first Fifth Day in the 3d and 9th months—as heretofore determined by the Yearly Meeting.

At this Meeting applications for the admission of members of our Yearly Meeting will have precedence of all others.

After this time, applications for the admission of scholars will be considered in the order in which they are made.

Monthly Meetings desirous of occupying the privilege of the Charitable Fund, are requested to send their applications as heretofore, in season for the Meeting of the Committee in the ninth month, and to specify whether they desire it during the winter or succeeding summer term. And friends are requested to observe the various regulations adopted by the Yearly Meeting, in order for admission of scholars into the school.

It is desired that payment for each term be made in advance, but if in any case this is not practicable, one half to be made at the commencement, and the balance at the middle of the term.

It is expected that scholars will be at the school punctually at the commencement of the term, but if circumstances occur to prevent such attendance, notice is to be forwarded to the Principals within one week of that time, stating whether or not their places are desired to be reserved for them. A failure to attend the school or to give the notice above specified, shall be considered a relinquishment of the privilege unless again admitted by the Committee; and in all cases of children being admitted for the term, and attending the school, it is expected that payment will be made for the term.

Friends of pupils, and others, visiting the school, will in future be expected to defray the expense arising to the Institution.

Application for admission into the school, and for the benefit of the Charitable Fund is to be made to the Principals.

Address JOSEPH CARTLAND,
Principal Friends Boarding School, Providence, R. I."

On reading the Records of this Meeting for last year, our attention was turned to a portion of the discipline adopted last year as to the manner of making additions to our meetings of Ministers and Elders, and it was agreed as the understanding and decision of this Meeting, that after such appointment by a Monthly Meeting has been confirmed by the Quarterly Meeting, that such friend, whether Minister or Elder, may then sit in all our select Meetings, without waiting for the information to have been first communicated to those meetings, by the Quarterly Meeting—and the Clerk is directed to transmit this Minute to our subordinate meetings.

From the Minutes of the Meeting.

SAMUEL BOYD TOBEY, Clerk.

YEARLY MEETING, 6th month, 1858.

The Boarding School Committee presented the following Report, viz :

"TO THE YEARLY MEETING,

The Committee for the Superintendence of the Yearly Meeting Boarding School, at Providence, report—

That they have given attention to the objects of their appointment. The two terms of the School have been held, under the superintendence of Joseph and Gertrude W. Cartland, as Principals,—assisted during the summer term by John F. Rowell, Elizabeth Arnold, Rebecca H. Smiley, as teachers of the English branches; by Franklin E. Page, in mathematics; Daniel D. Patten and Albert Palmer, each a part of the term, in Classical studies; by Caroline H. Pinkham, in needle-work, Mary A. Potter, in drawing, and by Alphonse Renaud, in French. In the winter term, Daniel D. Patten was the Classical teacher for the term—the other teachers remaining as in the summer term, except that Rebecca D. Wing and Mary S. Harris, took the places of Caroline H. Pinkham and Elizabeth Arnold. Lectures on some branches of Natural Science were delivered in the winter term, by Samuel Austin.

The usual course of studies has been pursued. The deportment of the scholars, has been generally satisfactory—as much so, perhaps, as at any former period of the School. The methods of teaching have kept pace with the improvements which experience has suggested, and a general disposition among the scholars has been apparent to avail themselves of the advantages thus afforded.

Harmony has prevailed in the family, and a disposition to labor unitedly for the good of the institution.

The meetings for worship on First Day mornings, have been regularly held in the school house. They have been generally attended by members of the committee, and often by other concerned Friends, and have proved interesting seasons. At other times, the family attend meetings in Providence.

It has been the concern of the committee, that the minds of the children should be impressed with a sense of the vital importance of religion, of the necessity of an acquaintance with the truths recorded in Holy Scripture, and of a careful attention to the monitions of Truth in their own minds.

During the winter term, there were fifty-two cases of measles in the school. The disease was exhibited in a mild form, and all who were attacked, recovered. The circumstance of this sickness occasioned much additional care and responsibility to the Principals, and we think it due to them to say, that the duties, thus devolving upon them, were cheerfully and faithfully performed,—and it is cause of thankfulness, that among so many cases of disease, the lives of all were preserved.

There were admitted and came to the school, as scholars for the summer term, seventy-three males and sixty-six females; and for the winter term, ninety-one males, and seventy females, and nearly all of them attended through these terms respectively.

The arrangement with the Principals for the management of the affairs of the school, has been continued upon the same terms as last year. Some expense has been incurred in repairs and alterations necessarily made upon the school premises, during the year, the amount of which appears in the statement of expenditures.

The result of the annual examination of the accounts of the Institution, may be stated as follows, viz :

CHARITABLE FUND.	
In treasurer's hands last year	\$95 00
Receipts	310 00
Due the treasurer from this fund, at this time	75 00
	\$480 00
Payments for the board and tuition of twelve scholars, one term each	\$480 00
GENERAL FUND.	
Receipts from the income of the School Fund	\$6,122 14
Payments (exclusive of those to be made by the Principal.)	
Fire insurance	\$165 00
Repairs on the school premises	1,125 48
To Joseph Cartland, on contract	3,000 00
	\$4,290 48
Which deducted from the receipts leaves an excess of	\$1,831 66

Of which excess \$214 31 is in the hands of the treasurer, and the balance has been applied to payments on account of the interest and principal of the debt of the Institution;—leaving the present amount of indebtedness, less the amount in treasurer's hands, and exclusive of accrued interest \$2,285 69

We propose that the summer and winter terms of the school should commence and continue as last year—and that the charge for board and tuition remain without change, viz: \$40 per term for members of our Yearly Meeting, \$60 for members of other Yearly Meetings, and where one or both parents are members of our religious society, or the scholars are sent at the charge of such members; and \$100 for any others who may be admitted. That \$5 per term, additional charge, continue to be made for instruction, either in the Ancient Languages, in French, or in Drawing, books and stationery being furnished as heretofore at actual cost.

The regulations respecting the time of payment, manner and times of admission of scholars, &c., we append to this report, with the view of their being again sent to the subordinate meetings, for the information of Friends.

Signed on behalf of the committee,

STEPHEN A. CHASE, Clerk."

Providence, fifth month, 7th, 1858.

Regulations referred to in the above report of the School Committee.

"As the number to be admitted is limited to eighty of each sex, it will be necessary that the committee should be seasonably informed of all in this Yearly Meeting that desire to occupy places in the school, in order that they may determine how many others, if any, may be received.

Application should therefore be made for members of our Yearly Meeting, seasonably to be laid before the committee at their Meetings to be held in the 3d and 9th months—as heretofore determined by the Yearly Meeting.

At this Meeting, applications for the admission of members of our Yearly Meeting will have precedence of all others.

After this time, applications for the admission of scholars will be considered in the order in which they are made.

Monthly Meetings desirous of occupying the privilege of the Charitable Fund, are requested to send their applications as heretofore, in season for the meeting of the committee in the ninth month, and to specify whether they desire it during the winter or succeeding summer term. And friends are requested to observe the various regulations adopted by the Yearly Meeting, in order for admission of scholars into the school.

It is desired that payment for each term be made in advance, but if in any case this is not practicable, one half to be made at the commencement, and the balance at the middle of the term.

It is expected that scholars will be at the school punctually at the commencement of the term, but if circumstances occur to prevent such attendance, notice is to be forwarded to the Principals within one week of that time, stating whether or not their places are desired to be reserved for them. A failure to attend the school or to give the notice above specified, shall be considered a relinquishment of the privilege, unless again admitted by the committee; and in all cases of children being admitted for the term, and attending the school, it is expected that payment will be made for the term.

Friends of pupils, and others, visiting the school, will in future be expected to defray the expenso arising to the Institution.

Application for admission into the school, and for the benefit of the Charitable Fund is to be made to the Principals.

Address, JOSEPH CARTLAND,
Principal Friends Boarding School, Providence, R. I."

It appears by an extract from the minutes of our last Quarterly meeting held at Northbridge 5th mo 8th as sent this meeting by its Clerk John E. Fay that Northbridge Monthly Meetings production of Quarterly meeting stock is \$13.50

There were received at this time 2 copies of the Yearly meeting Boarding School report one of which was read and the other sent into our women's meeting

and it appears by the same that the provisions of the charity fund will admit of several scholars from some one or more of the monthly meetings, and this meeting wishing to make application for the benefit of one scholar appoint Paul Aldrich Jonathan Farnum Samuel H. Colton & Joseph Clapp as a committee to unite with some women friends to bring forward the name of such an one at our next meeting

Our Esteemed Friend Samuel Gifford attended this meeting and presented a certificate from Sandwich Monthly meeting of his being a Minister in unity with them dated at Sandwich Monthly meeting 5mo 7, 1858 his company and religious service have been acceptable to us and the Clerk is directed to furnish him with a copy of this minute

Having through our friend Samuel L. Allen of Richmond Vt. received an account of the death of Levi Wheeler of that place and also a statement of his being the appointed agent to have the particular care of the meeting house and all the real estate belonging to the monthly meeting in that place and that the meeting was now so small that it would not be likely to be kept up it seems best a committee should be appointed to see what ought to be done in the whole matter and Edward and Samuel H. Colton and Paul Aldrich are requested to visit and confer with them and report next month

The Richmond meeting committee
 report as follows viz

At 7th mo the monthly meeting

The Committee appointed at
 our last meeting to confer with Friends
 at Richmond in regard to the property then
 belonging to the meeting Report

That one of us visited Richmond and consulted
 with a portion of the very few Friends there
 to see what had better be done in the matter

The meeting house lot contains
 nearly 4 acres of land about 1/4 of which is
 used as a burying ground, some portion of the
 lot is occupied with three or four buildings
 (houses shops &c) The owners of which pay an annual
 rent of 8 to 12 dollars. The meeting house is in
 pretty good repair but the sheds have nearly
 tumbled down. Part of the Burying ground needs
 to be walled in the cost of which would amount

1786
to \$11 to \$18 Dollars and then is about that sum
due the meeting from Levi Wheeler's Estate for
rents received and not paid over

There are but two members now living then
able or willing to keep up a meeting the remaining
5 or 6 are too old and infirm or entirely indigent
and would very seldom attend meeting if one was
held. The probability is that in a very short time
not a single member will be left then and taking
all things into consideration as they now appear
it seems to be the opinion of Friends in Richmond
that the Estate belonging to the meeting there had
better be sold pretty soon before the house
gets much out of repair and while there is
an opportunity of disposing of the property at
a reasonable price for the committee

8th mo 27, 1858

Sam^l H. Colburn,

And upon consideration of the matter it was concluded
to authorize the same Committee with the addition
of Abner H. Sprague and Charles Hackeen to make
further investigation as to the continuance of a discon-
tinuance of the meeting and the situation of all the
members whether there or removed acting in conjunc-
tion with a Committee of women friends, and report
next month

ask for further time of one month which is granted and
they requested to report at our next meeting

The ~~Committee~~ Wheeler Aldrich case which

was further continued for two months under the
care of the same committee

that two of the Committee have visited

much scattered and reduced in numbers
and several so infirm from old age and
other causes as not to be in a condition
to attend meeting. We have come to the
conclusion that the meeting cannot longer

better be discontinued and the property
now receiving the burial ground which we

It has upon after ^{to} weighty considering the subject, it ^{is} the judgement of this meeting that the meeting at Richmond should now be laid down and it is accordingly discontinued ~~and~~ from ~~now~~ after this time having the unity of the women's meeting therein and S. H. Colton is appointed to inform the Friends at Richmond of the decision of this meeting in the matter

The subject of the disposal of the property at Richmond belonging to the monthly meeting being brought before us at this time after solidly considering the matter and in view of the impracticability of its ever again being needed for meeting purposes it is the judgement of

this meeting that the said estate at Richmond should be sold as soon as it can judiciously and properly be done and we appoint Charles Hadwen and Samuel H. Colton a Committee to attend to the business, and they are authorized to dispose of the said property whenever in their opinion it may be deemed best to do so and to do all things suitable and necessary for the purpose intended. But whenever the property is sold the Committee are directed to reserve from the sale the Burying Ground lot, with sufficient land attached to it to be always reserved and used as a burial ground and the Committee are requested to report their proceedings to this meeting next month.

The Committee in the David M. Bridge case reported that they have labored with him to no satisfactory result and in their judgement it would be best to disown him as a member of our Society with which we unite having the concurrence of the women's meetings and Paul Waring is appointed to inform him of the decision of this meeting and ^{his clerical and right of appeal} and report next month.

The Committee in the case of Jacob Aldrich not being ready to report at this time the subject is deferred another month.

Northbridge Preparative visiting purposes the names of Paul Aldrige and Paul King for Overseers - Peter Aldrich & George B. Wheeler for Overseers of the Town - Paul Aldrich & Paul King to have the care of Funerals which several nominations are satisfactory to this meeting and they accordingly appoint to these stations the ensuing year - and the other Preparative Meetings are requested to forward nominations for similar offices next month.

A portion of the roof of the Meeting House at Northbridge being much out of repair, we appoint Paul Aldrich and Paul King a Committee to have such parts of it shingled as they may judge necessary and report their doings when the work is completed.

The Committee in regard to the Richmond property
reports as follows viz

To the monthly meeting
The Committee appointed 11th mo 1st 1858
Concerning the Property at Richmond belonging
to the meeting Report

That having given the subject further
carefull attention they thought it best
to dispose of the estate at the present time
and have accordingly sold it to Daniel R
Spaulding of Richmond he having paid
\$325 in cash for the meeting house and
the land connected with it; which sum
was considered a fair price by people in
the neighborhood well acquainted with the
property and was probably as much as we
could ever realize from the sale of it.

The few Friends still rendering there were
united in the opinion that the present was
the best time to sell and were desirous
that D. R. Spaulding should purchase it.

There was reserved from the sale
about one acre of land for the burying
ground with a passway to it from the road
twelve feet wide to be kept open forever.

The Stone wall which the Committee directed
to be built around the Burying ground is
nearly completed together with an entrance
gate the whole of which is good and substantial
work

The Expenses of attending of attending
to the business and selling the property amount
to \$29²⁶/₁₀₀ and the cost of the wall and other
work will be about \$55 the exact amount
not being yet ascertained. It is supposed that
the debt due the meeting from Levi Wheeler's
estate will be nearly or quite sufficient
to pay for the Stone work, although it is
not yet decided whether the claim will be allowed
by the administrator of the estate

Yearly Meeting, 6th Month, 1859.

The Committee for the superintendence of the Boarding School, presented their Annual Report, as follows:

"TO THE YEARLY MEETING.

The Committee for the superintendence of the Boarding School at Providence, have given their attention to the duties of their appointment.

For the summer term of the School, there were admitted one hundred and seven scholars, of whom fifty-nine were males, and forty-eight were females, and for the winter term, one hundred and fifty-one, of whom, eighty-three were males, and sixty-eight were females. All of these, except in a few cases of leaving on account of ill health and other causes, have been in attendance through the terms. So that with these few exceptions, instruction has been furnished in the School, equal to one term each, to two hundred and fifty-eight scholars.

This instruction we believe to have been efficient in the several branches taught, and imparted in a manner, acceptable to the scholars and satisfactory to the Committee.

The deportment of the pupils generally, we are thankful in being able to say, has been orderly, and their attention to, and improvement in their studies, commendable.

Meetings for worship have been held as heretofore, in the school house, on First Day mornings. They have been attended, with two exceptions, by members of the Committee, and often by other concerned Friends, and they have generally proved seasons of much interest and solemnity.

Instruction for the purpose of giving to the scholars a knowledge of the invaluable contents of the Holy Scriptures, have formed part of the regular exercises of the school, and a concern has been manifested, that the tender minds of the children, should be nurtured in that way which will best secure their future, in a course of virtue and uprightness, consistently with the profession of Friends. Harmony has been preserved in the family, and a kindly feeling and desire to promote the best interests of the school have prevailed.

We have had during the year, the valuable services of Joseph Cartland, and his wife Gertrude W. Cartland, who have acceptably filled the stations of Principals of the school, under the arrangement made with them, in the year eighteen hundred and fifty-six.

They were assisted by John F. Rowell, Rebecca D. Wing and Mary S. Harris, as teachers of the English branches; by Franklin E. Paige, as teacher of Mathematics; by D. Dana Patten, as teacher of Greek and Latin; by Alphonse Renaud, as teacher of French and German. Mary E. Potter has been teacher of Drawing, and Caroline H. Pinkham of Needlework, and Samuel T. Satterthwaite, as teacher of the English branches was employed in addition in the winter term.

At the close of the summer term, two female scholars, having completed the full course of study, as prescribed by the rules of the school, were presented with duly authenticated certificates or diplomas of scholarship, heretofore agreed to be given in such cases.

A valuable addition has been made to the conveniences and advantages of the School, in the erection, on the grounds on the western side of the school house, of a building for the purpose of exercise; and by the liberality of the officers and scholars in the west wing, this building has been furnished with a valuable apparatus for such exercise, calculated to develope and strengthen the bodily powers and to promote health; and this building and apparatus, have been gladly occupied by the male scholars to their evident advantage; similar provision having heretofore been made for the girls school, and which has been much improved during the last year.

A very desirable addition to the library at the school, has also been made, consisting of nearly five hundred volumes of works of standard value, and of more recent publication than was before there;—thus adding much to the interest of the collection, without cost to the Institution.

The financial results of the year, by an examination of the accounts, which were found to be well vouched and correct, may be stated as follows, viz:

CHARITABLE FUND.

Receipts from the income of the Fund . . .	\$257 50
Due the treasurer at this time . . .	97 50
	\$355 00

CHARGES ON THE FUND.

Due the treasurer last year . . .	\$75 00
Payment for board and tuition of seven scholars, one term each . . .	280 00
	\$355 00

The income of this fund the present year, is not expected to exceed that of the last, so that after the present indebtedness of the fund to the treasurer is deducted, there will remain \$160, and this is chargeable with the board and tuition of one scholar admitted for the present summer term, leaving \$120 for appropriation the ensuing year.

GENERAL FUND.

Receipts from income of the School Fund . . .	\$5,892 84
Payments,—	
Fire insurance, premium . . .	\$165 00
Interest . . .	183 07

Repairs and additions on school premises, including some payments for former years and balance due principal . . .	\$2,795 95
Which has been in part provided for by private subscription to the amount of . . .	365 00

		2,430 95
To Joseph Cartland, on contract . . .		3,000 00
		\$5,779 02

Leaving a surplus of . . .	113 82
----------------------------	--------

Which applied to the indebtedness reported last year, at \$2,285 69, leaves the present indebtedness \$2,171 87.

We propose that the terms of the school, commence and continue as last year, and that the charge remain the same, viz: \$40 per term for members of our Yearly Meeting, \$60 for members of other Yearly Meetings, and where one or both parents are members of our religious society, or the scholars are sent at the own proper charge and expense of such members, and \$100 for any others, payable in advance. That \$5 additional charge be made, as heretofore, for instruction, either in the Ancient Languages, in French or in Drawing. Books and stationery being furnished at actual cost.

The regulations, respecting the time of payment, manner and times of admission of scholars, &c., which have been transmitted to the subordinate meetings heretofore, we again append to this report; and we desire that the attention of our several Monthly Meetings may be particularly called to the conclusion of the Yearly Meeting in the year 1855, which was made after much deliberation, and is as follows, viz.:

"That Monthly Meetings take care, by committees, that suitable inquiries be made as to the fitness of scholars, proposing to enter the school, belonging to their respective Meetings; and to such as said committees shall approve, to give certificates; which certificates shall be required by the School Committee, in order for admission."

It is very desirable that this conclusion of the Yearly Meeting should be strictly complied with, as we believe the best interests of the school require such compliance.

In conclusion, we commend the Institution to the continued care and concern of the Yearly Meeting.

Signed on behalf and by direction of the School Committee.
STEPHEN A. CHASE, Clerk."

Providence, 5th month, 10th, 1859.

Regulations referred to in the above report of the School Committee.

"As the number to be admitted is limited to eighty of each sex, it will be necessary that the committee should be seasonably informed of all in this Yearly Meeting that desire to occupy places in the school, in order that they may determine how many others, if any, may be received.

Application should therefore be made for members of our Yearly Meeting, seasonably to be laid before the committee at their meetings to be held in the 3d and 9th months—as heretofore determined by the Yearly Meeting.

At these meetings, applications for the admission of members of our Yearly Meeting, will have precedence of all others.

After this time, applications for the admission of scholars, will be considered in the order in which they are made.

Monthly Meetings desirous of occupying the privilege of the Charitable fund, are requested to send their applications as heretofore, in season for the meeting of the committee in the 9th month, and to specify whether they desire it during the winter or succeeding summer term. And friends are requested to observe the various regulations adopted by the Yearly Meeting, in order for admission of scholars into the school.

It is desired that payment for each term be made in advance.

It is expected that scholars will be at the school punctually at the commencement of the term; but if circumstances occur to prevent such attendance, notice is to be forwarded to the Principals, within one week of that time, stating whether or not their places are desired to be reserved for them. A failure to attend the school or to give the notice above specified, shall be considered a relinquishment of the privilege, unless again admitted by the committee; and in all cases of children being admitted for the term, and attending the school, it is expected that payment will be made for the term.

Friends of pupils, and others, visiting the school, will in future be expected to defray the expense arising to the Institution.

Application for admission into the school, and for the benefit of the Charitable Fund, is to be made to the Principals.

Address
Principal Friends Boarding School, Providence, R. I."

The Pomfret Meeting Committee appointed in the 4th month made the following Report viz To Uxbridge Monthly Meeting

We who were appointed on the request of Pomfret preparative meeting have taken the necessary care therein and seeing the fewness of the number to keep up that meeting and a part of the members quite impaired in health and mind, it was our minds to grant their request and drop the meetings in the middle of the week and the preparative meeting and to annex them to Uxbridge Preparative meeting all of which we submit to the meeting 8th mo 30 1860

Paul Aldrich in behalf of the Committee,

which is accepted and adopted and the week day and preparative meeting discontinued accordingly and these members attached to Uxbridge Preparative meeting having the concurrence of the women's meeting and the Clerk of this meeting is directed to send the Clerk of that preparative meeting a copy of this minute

By an extract from the Quarterly meetings minutes it appears that Uxbridge monthly meetings proportion of yearly meeting stock is \$37.80 and that of the Quarterly meetings quota \$11, and our treasurer is requested to pay the amount of both sums \$48.80 to the Quarterly meetings treasurer

Edw^c, Park
Clerk

the Monthly Meeting, and let that Meeting take full time, under a very weighty sense of its responsibility, for solid and careful deliberation, before granting a certificate.

In cases requiring the judgment of the Quarterly Meeting, and said meeting unites with the concern, let it endorse its certificate as now required by Discipline; and if the concern is for a general or extensive visit, and the Quarterly Meeting shall advise that it go before the Yearly Meeting of Ministers and Elders, let it be carried there for its unity and concurrence, before the friend enters upon such religious service.

And in all cases where the concern extends to territory beyond the Rocky Mountains, let it go before the Yearly Meeting of Ministers and Elders in the same manner as is required when the prospect "extends to Europe or beyond sea."

The vital importance of the maintenance of a sound Ministry, and of its being at all times exercised under the fresh anointing and renewed qualification which the Holy Spirit alone can give, has claimed our weighty and solemn consideration, and we believe it right to recommend to Monthly and Quarterly Meetings an increase of care and solid deliberation before recording their unity with the gift, and approving the public appearances in the Ministry, of any of our members, and that the recommendation of the Discipline be carefully observed, that full time be allowed for clear evidence that the Lord hath called them to this weighty work."

This meeting is again introduced into deep exercise on account of deficiencies that have been reported in the answers to the Queries the present year, especially the answer to the 2d query, in regard to love and unity. We are sensible that the want of these essentials to our life as a body, may be confined to a few individuals, and yet, in an honest answer, appear to exhibit a greater extent of deficiency, than really exists in point of fact. In the present instance, it is, however, evident that there is an interruption of harmony, to a degree that cannot fail to prove injurious to individuals and to families, if

to the Church, but also unto Him who is to judge us in the last day, is whether we have kept his command in this respect. Have we observed His law to "do unto others as we would have them do unto us?" If this be our engagement, there is no place for tale bearing and detraction; no liberty for whisperings and insinuations that militate against a brother or any of our fellow men. Very fearful and destructive are the consequences of an indulgence in these practices, which have their origin and support in him who is characterized as the accuser of the brethren. To you, beloved friends, between whom that love and unity which are indispensable to christian brethren, have been in some measure interrupted, we desire most tenderly and earnestly to appeal. How short is the remaining day of your probation! How soon will you be called to stand before Him who has loved us with an everlasting love; who knoweth our hearts and watcheth over us every hour of our lives! Be willing we entreat you, closely to examine yourselves. Be willing to lie very low before the Lord. Remember your own need of forgiveness. Forget not that if we are saved, it will be as *pardoned sinners*. Seek to be clothed with the beautiful garment of humility. Ask, in self abasement for the guidance of the Holy Spirit. Yield yourselves unto His gentle and pure teachings, and your hearts will not fail to be filled with love. Brother will seek to be reconciled unto brother, and in the exercise of that charity which thinketh no evil, each will prefer other to himself, and harmony and fellowship will be restored. "Be of one mind, live in peace, and the God of love and peace shall be with you."

The Clerk is requested to furnish a copy of the foregoing Minute, to our several subordinate meetings.

From the Minutes of the Meeting,

SAMUEL BOYD TOBEY, *Clerk*.

After this time, applications for the admission of scholars, will be considered in the order in which they are made.

Monthly Meetings desirous of occupying the privilege of the Charitable fund, are requested to send their applications as heretofore, in season for the meeting of the committee in the 9th month, and to specify whether they desire it during the winter or succeeding summer term. And friends are requested to observe the various regulations adopted by the Yearly Meeting, in order for admission of scholars into the school.

It is desired that payment for each term be made in advance.

It is expected that scholars will be at the school punctually at the commencement of the term; but if circumstances occur to prevent such attendance, notice is to be forwarded to the Principals, within one week of that time, stating whether or not their places are desired to be reserved for them. A failure to attend the school or to give the notice above specified, shall be considered a relinquishment of the privilege, unless again admitted by the committee; and in all cases of children being admitted for the term, and attending the school, it is expected that payment will be made for the term.

Friends of pupils, and others, visiting the school, will in future be expected to defray the expense arising to the Institution.

Application for admission into the school, and for the benefit of the Charitable Fund, is to be made to the Principals.

Address JOSEPH CARTLAND,

Principal Friends Boarding School, Providence, R. I.

The Minute prepared by the Meeting for Sufferings in relation to the official steps to be taken in liberating Ministers for religious service, claimed our solid consideration, and was united with, and the Clerk is directed to furnish copies of it to our several subordinate Meetings. It is as follows:

"When a Minister has a prospect of religious service, which according to our Discipline requires the unity of the Monthly Meeting, previous to its being brought to the consideration of said Meeting let it be laid before the preparative meeting of Ministers and Elders, held at its stated time, or specially convened for the purpose, and if the friend is encouraged or

not to the body of the meeting. When one member suffers, all the members suffer with it. There is one Head over all things unto the Church. We have one Master, even Christ, and all of us are brethren. This is the condition of the Christian Church and of every one of its members; and when love and unity are interrupted between the professed followers of Jesus, we may be assured that there has been a want of watchfulness unto prayer, and that the voice and guidance of the good Shepherd have not been heard and followed. We know that in our weakness and fallibility, we are ever liable to err if we are not constantly engaged to walk in the love and in the fear of God. But our gracious and holy Leader has instructed us very minutely how to proceed with an offending brother. "If thy brother shall trespass against thee, go tell him his fault, between thee and him alone." We are not at liberty to speak of it to any one, not even to a fellow member, until we have taken this course with the offender; and if we neglect this first step, we do not observe the command of Christ, and become, ourselves, offenders against Him. We are confirmed in the belief, that if in the spirit of restoring love, we thus approach a brother who we apprehend has erred, we shall very often be favored to cause him to see and condemn the error of his way, and shall have the unspeakable comfort of having gained our brother; possibly of having saved a soul from death. If, unhappily, he will not hear us, the next step in the order of the Gospel is to take with us one or two more; and if he shall neglect to hear them, we are then to tell it unto the church. This is the order which the adorable Head of the Church has prescribed; this is the course which we, as a portion of that Church, have ever acknowledged as obligatory upon us; upon this, His explicitly declared law, is our Discipline founded in relation to offenders. To restore to the truth where any have departed from it, is the paramount object of christian care and labor; and a vital question for every one of us to answer, not only

YEARLY MEETING, Sixth Month, 1861.

The Committee having charge of our Boarding School at Providence presented their Annual Report, which is satisfactory to us, and is as follows, viz :

" TO THE YEARLY MEETING.

The Committee for the Superintendence of the Boarding School, report: That for the Summer term of the School there were admitted 131 scholars, 72 males and 59 females; and for the Winter term, 119 scholars, 77 males and 42 females.

It will be remembered, that at our last Yearly Meeting verbal information was communicated relative to the occurrence, early in the Summer term, of severe sickness and death. At that time the number of scholars was very much reduced, but after the interval of a few weeks the greater part returned, reaching 109 of the former number, viz: 67 males and 42 females. As the statements made at that time were very minute, we would now simply inform that the sickness, so far as it respects the scarlet fever, was confined principally to the two cases that proved fatal.

We have continued to feel, from time to time, tender sympathy for the afflicted parents, with desires that He who bindeth up the broken-hearted may be their support and consolation. We trust that their great loss is gain to the dear departed children, and that these solemn events were sanctified to many. Amid the sore trials we passed through, we had cause humbly and gratefully to acknowledge an overruling Hand of Mercy.

Our friends, Joseph and Gertrude W. Cartland, acceptably served the Institution, as Principals, until the close of the Summer term, when the impaired health of the latter rendered it necessary for them to resign their responsible trust. They were assisted by the following teachers, viz: John F. Rowell, Harriet C. Woodman, Elma Dame, and Lois Anna Greene, in the English branches; Henry K. Pinkham, in Mathematics; Robert Henry Duncan, in the Greek and Latin languages; Alphonse Renaud, in French and German; and Mary A. Potter, in Drawing.

At the close of the Summer term, eleven scholars, having completed the course of study, as prescribed by the rules of the School, were presented with duly authenticated diplomas of scholarship. This occasion was also marked by the termination of our official connection with Joseph and Gertrude W. Cartland, who were instrumental in introducing this more extended and systematic course of instruction. For five years they faithfully and successfully served the Institution, and we recur to this period with much satisfaction, with desires that retirement and rest may restore our dear friend to health and continued usefulness.

Our former arrangements having proved satisfactory, it appeared desirable to continue the same or a similar plan. We were enabled to carry out our views in a modified form, by a contract entered into with Albert K. Smiley, who, with his wife, Eliza P. Smiley entered into an engagement to become the Principals and Superintendents.

The Winter term opened with the following as a Board of Instructors:—

ALBERT K. SMILEY,	} Principals.
ELIZA P. SMILEY,	
ALFRED H. SMILEY,	Associate Principal.
JOHN F. ROWELL,	} Teachers of English Branches.
RUFUS READ,	
REBECCA H. SMILEY,	
RUTH P. NICHOLS,	
JOSEPH W. CONGDON,	Assistant Teacher of Greek and Latin.
DR. LORENZ ENDERS,	Teacher of French and German.
MARY A. POTTER,	Teacher of Drawing.

Meetings for worship have been regularly held at the School House, on First day mornings, with a few exceptions, consequent upon the sickness in the summer. At that time, the scholars who remained availed themselves of the First day morning Meeting in the city, which they usually attend on the afternoon of that day, and in the middle of the week. The

Meetings at the School House have been attended, in nearly every instance, by members of the committee or other Friends, and we trust they have been seasons of favor and of interest.

The health of the scholars for the past year, with the exceptions already referred to, has been remarkably good.

Instruction in the Holy Scriptures has formed a part of the regular school exercises, and a concern has been cherished to discharge our duty in every respect towards the youth committed to our care, in harmony with our religious profession, and in dependence upon His blessing, who is Head over all.

The accounts of the Institution having been audited, exhibit the following result for the past year:—

The receipts for tuition, &c., with \$4,192 $\frac{35}{100}$ of the income from the Fund, have paid all the expenses of the establishment.

The remainder of the income has been expended for insurance and interest, and \$1,653 $\frac{81}{100}$ towards the reduction of the debt, leaving the present indebtedness of the Institution, \$1,500.

We propose that the terms of the School commence and continue as last year, and that the charges remain the same, viz:—\$40 per term for members of our Yearly Meeting; \$60 for members of other Yearly Meetings, and where one or both parents are members of our religious Society, or the scholars are sent at the charge and expense of such members; and \$100 for any others, payable in advance.

That \$5 additional charge continue to be made for instruction, either in the Ancient Languages, in French, or in Drawing, and that books and stationery be furnished at the same price as heretofore.

Signed on behalf of the School Committee,
GILBERT CONGDON, Clerk.
Providence, 5th month 7th, 1861.

REGULATIONS OF THE SCHOOL COMMITTEE.

"As the number to be admitted is limited to eighty of each sex, it will be necessary that the committee should be seasonably informed of all in this Yearly Meeting that desire to occupy places in the school, in order that they may determine how many others, if any, may be received.

Application should therefore be made for members of our Yearly Meeting, seasonably to be laid before the committee at their meetings to be held in the 3d and 9th months—as heretofore determined by the Yearly Meeting.

At these meetings, applications for the admission of members of our Yearly Meeting, will have precedence of all others.

After this time, applications for the admission of scholars, will be considered in the order in which they are made.

Monthly Meetings desirous of occupying the privilege of the Charitable fund, are requested to send their applications as heretofore, in season for the meeting of the committee in the 9th month, and to specify whether they desire it during the winter or succeeding summer term. And friends are requested to observe the various regulations adopted by the Yearly Meeting, in order for admission of scholars into the school.

It is desired that payment for each term be made in advance.

It is expected that scholars will be at the school punctually at the commencement of the term; but if circumstances occur to prevent such attendance, notice is to be forwarded to the Principals, within one week of that time, stating whether or not their places are desired to be reserved for them. A failure to attend the school, or to give the notice above specified, shall be considered a relinquishment of the privilege, unless again admitted by the committee; and in all cases of children being admitted for the term, and attending the school, it is expected that payment will be made for the term.

Friends of pupils, and others, visiting the school, will in future be expected to defray the expense arising to the Institution.

Application for admission into the school, and for the benefit of the Charitable Fund, is to be made to the Principals.

Address ALBERT K. SMILEY,
Principal Friends Boarding School, Providence, R. I."

YEARLY MEETING, SIXTH MONTH, 1862.

"TO THE YEARLY MEETING.

The Boarding School Committee report: That they have given attention to their appointment, during the past year, and feel justified in stating, that the various concerns of the Institution have been conducted in a satisfactory manner.

For the Summer term, 83 scholars were admitted, viz. 53 males and 30 females; and for the winter term 119, viz. 74 males, and 45 females.

The officers of the school have been, Albert K. Smiley and Eliza P. Smiley, Principals; Alfred H. Smiley, Associate Principal; John F. Rowell, Rebecca H. Smiley and Ruth P. Nichols, Teachers of English branches; Rufus Read, Teacher of Mathematics; Charles R. Paine, Assistant teacher of Greek and Latin; Alfred Gaudelet, teacher of French; Mary A. Potter, teacher of Drawing.

The health of the family and pupils has been good, which, under the divine blessing, we believe may in part be attributed to well directed gymnastic exercises which have been systematically pursued.

During the past winter, meetings for divine worship have been satisfactorily held in the school house, on first day mornings, and on first day afternoons, and in the middle of the week the meetings of Friends in the city have been attended.

The accounts of the Institution having been examined, show the following result for the past year.

The receipts for tuition, &c. with \$3800 from the income of the permanent fund, have paid the expenses of the school. The remainder of the income has been applied to the payment of interest, insurance, &c., and the liquidation of the debt, (\$1500) leaving the Institution free of indebtedness, and a balance of \$50,15 in the hands of the Treasurer.

A pretty large expenditure is now required in the outside painting of the buildings in order for their preservation, but we trust this may be made without involving the Institution in any indebtedness.

We propose that the terms commence and continue as last year, and that the charges remain the same, viz. \$40 per term, for members of our Yearly Meeting; \$60 for members of other Yearly Meetings, and where one or both parents are members of our religious society, or the scholars are sent at the charge and expense of such members; and \$100 for any others, payable in advance. And that \$5, additional charge, continue to be made for instruction, either in the ancient languages, in French or in Drawing, and that books and stationery be furnished at the same price as heretofore.

We again call attention to the "Regulations of the School Committee," which have been approved by the Yearly Meeting and are hereto annexed.

Signed on behalf of the School Committee,

GILBERT CONGDON, Clerk.

Providence, 5th mo. 6th, 1862."

REGULATIONS OF THE SCHOOL COMMITTEE.

"As the number to be admitted is limited to eighty of each sex, it will be necessary that the committee should be seasonably informed of all in this Yearly Meeting that desire to occupy places in the school, in order that they may determine how many others, if any, may be received.

Application should therefore be made for members of our Yearly Meeting, seasonably to be laid before the committee at their meetings to be held in the 3d and 9th Months—as heretofore determined by the Yearly Meeting.

At these meetings, applications for the admission of members of our Yearly Meeting will have precedence of all others.

After this time, applications for the admission of scholars, will be considered in the order in which they are made.

Monthly Meetings desirous of occupying the privilege of the Charitable fund, are requested to send their applications as heretofore, in season for the meeting of the committee in the 9th month, and to specify whether they desire it during the winter or succeeding summer term. And friends are requested to observe the various regulations adopted by the Yearly Meeting, in order for admission of scholars into the school.

It is desired that payment for each term be made in advance.

It is expected that scholars will be at the school punctually at the commencement of the term; but if circumstances occur to prevent such attendance, notice is to be forwarded to the Principals, within one week of that time, stating whether or not their places are desired to be reserved for them. A failure to attend the school, or to give the notice above specified shall be considered a relinquishment of the privilege, unless again admitted by the committee; and in all cases of children being admitted for the term, and attending the school, it is expected that payment will be made for the term.

Friends of pupils, and others, visiting the school, will in future be expected to defray the expense arising therefrom to the Institution.

Application for admission into the school, and for the benefit of the Charitable Fund, is to be made to the Principals.

Address, ALBERT K. SMILEY,

Principal Friends Boarding School, Providence, R. I."

While engaged in the review of the state of Society, the vital importance of the right performance of the duty alluded to in the tenth query, was brought impressively before us, and we were feelingly reminded of the course prescribed in the Gospel, upon which our discipline is founded.

First, let the labor with an offending brother be between him and thee alone—then two or three may engage in the work; and if this be unavailing, the aid of the Church may be rightly invoked to exercise its authority, in the spirit of meekness and wisdom. A committee is to be appointed, free from prejudice, moving in the fear of God and in the love of Christ, to labor, in this love and in tenderness, to show the offender the error of his way, and to restore him to the right path; and if all this prove unavailing, then may the Church testify against his evil way, and, for the sake of the cause of Truth, dissolve his connection with our religious body. This course is according to the discipline and usage of our Society; and it is the sense and judgment of this Meeting, that the case must be of a very flagrant nature, in which the Truth would greatly suffer by delay, to justify a more summary proceeding. Friends are entreated to be sure that no root of bitterness exists in their own hearts,—a fatal disqualification for doing good to others. No one can tell how abundant may be the fruits of the labor, bestowed in the love and under the influence of the spirit of Christ, whether they are immediately manifested, or gathered after many days. "Brethren, if a man be overtaken in a fault, ye that are spiritual, restore such an one in the spirit of meekness, considering thyself, lest thou, also, be tempted."

The Clerk is requested to forward this Minute to subordinate Meetings, to be observed by them.

From the Minutes of the Meeting,

SAMUEL BOYD TOBEY, Clerk.

With the account from Worcester Preparative Meeting was received a communication from Thomas Earle, as follows, viz.

Worcester 7th Mo 14th 1863 -

To Worcester. Preparative Meeting of Friends
Dear Friends:-

Many, and varied are the trials of this life, and through much tribulation, and deep sorrow, I have learned that true consolation, and peace of mind, cannot be found, in entire devotion to business life, or to our family, and friends, and when darkness and almost despair seems to be our lot, and all our days of joy, and rejoicing, have been turned into mourning. That they begin all, and seeking a new life upon a tented field, having the mind occupied daily, with new scenes filled with the excitement of a soldiers life, and rushing headlong into battle, only drives out sorrows for a season, and when the time for silence, and sober reflection comes, adds deeper, and darker affliction to the ~~already~~ sad, and almost broken heart. But such is life, and the harder the cross we have to bear, if we can only meet

Saml. H. Cotton, & Saml. Wheeler to a joint Committee in connection with a sim.

with children's multitude, the richer will be
our crown, at last. And we must all leave
the living, and as we wander farther
from the path of duty, new sorrows will
hasten upon us, till we are crushed in
darkness, as we made sensible that there
is but one source, from which we can
derive aid, and comfort, and have heard
that "when the Lord will he shall take
and destroy even him, whom he loveth".
Unfaithful to the performance of my duty,
and in an unguarded moment, I departed
from the principles of your religious
society, and at the time looked lightly
upon my birth right, and learned not
how to prize it, till it was taken from
me. And now dear friends' trusting
that through many hours, of deep tribulation
and doubts, receiving sometimes greater than
I could bear, making life but a burden,
when with the Psalmist - I have been
made to exclaim,

"O Lord my God, I cried unto thee, and
thou hast heard me. O Lord, thou hast
brought up my soul from the grave:
thou hast kept me alive, that I should
not go down to the pit."

"What profit is there in my blood when I
go down to the pit? Shall the dust praise
me? Shall it declare thy truth? Hear O Lord,
and have mercy upon me, Lord to show
my helper."

"Thou hast turned for me, my mourning
into dancing: thou hast put off my
sackcloth, and girded me with gladness.
"To the end that in glory I may sing praise
to thee, and not be silent; O Lord, my God,
I will give thanks unto thee forever."

I have found true consolation, in God, and
as my duty has now been made plain before
me, I will ask of you to restore unto me
my birth right, by making me again, a
member of your religious society, acknowledging
that I am yet unworthy but hope
"By the grace of God, which is able to
make wise unto salvation", that strength
may be given me, faithfully to perform
every duty of life.

I Very truly and penitently yours in
Christian faith and love

Thomas Cule

Whereupon after a solid consideration of the matter, it was concluded to appoint a Committee to visit him, and report upon the case next month; and Anthony Chase, Charles Hadwen, and Paul Wing were named for that purpose.

There were rec'd at this time from the Yearly Meeting, the printed Minutes for this year, for both the Men's & Women's Meetings, which were divided among the several Preparative Meetings, to be distributed (through the Representatives) to all the families of Friends in our Meeting.

The Y. M. Boarding School Report for 1863 was rec'd & read at this time, showing a healthy & prosperous state of the Institution; and, as heretofore, there seems to be an opportunity for some of the Monthly Meetings, to receive the benefit of the Charitable Fund, we appoint Jona. Farnham, Saml. H. Cotton, & Danl. Wheeler to a joint Committee in connection with a sim-

YEARLY MEETING, SIXTH MONTH, 1863.

*TO THE YEARLY MEETING:—

The committee appointed to superintend the Boarding School during the past year, report: that they have attended to their appointment, and have much satisfaction in being able to state that it is in a prosperous condition, and that the administration of its various concerns has been such as to meet their approval.

The number of pupils admitted into the School, for the summer term, was 87, viz., 53 males and 34 females; for the winter term, 166, viz., 98 males and 68 females.

The officers of the Institution have been,—Albert K. Smiley and Eliza P. Smiley, Principals; Alfred H. Smiley, Associate Principal; John F. Rowell, Rebecca H. Smiley and Ruth P. Nichols, Teachers of English branches; Rufus Read, Teacher of Mathematics; Charles R. Paine, Assistant Teacher of Greek and Latin; Alfred Gaudet, Teacher of French; Mary A. Potter, Teacher of Drawing. In the summer term, Rebecca D. Wing, and in the winter term, Bessie T. Wing were employed on account of the delicate health of Rebecca H. Smiley.

Meetings for worship have been regularly held in the School house on First day mornings, which have been uniformly satisfactory; and the scholars continue to attend meetings of Friends in the city, on First day afternoons and in the middle of the week.

The health of the inmates of the Institution has been generally very good, except that in the early part of the winter term it was interrupted by one or two cases of diphtheria, and several cases of pneumonia, one of which early assumed the typhoid form and proved fatal, in the person of Daniel Heustis Chace, of Bristol, Rhode Island, a young man nearly 21 years of age, son of Daniel and Harriet Chace. This dispensation of Divine Providence was thus noticed in the minutes of the committee:—"The removal by death of one of the pupils, above referred to, introduced us into a renewed and solemn sense of the uncertainty of life, and in this feeling our hearts were exercised in sympathy for the bereaved relatives, in the humble trust that they mourn not as those without hope, and that our Heavenly Father may be a present help in their severe affliction."

At our meeting in the 9th month, we received the following communication from our friend, Jacob Metcalf:—

"Providence, 9th mo. 10th, 1862.

To the Committee of New England Yearly Meeting Boarding School.
Dear Friends:

My father, Ebenezer Metcalf, having in his will bequeathed to the Yearly Meeting Boarding School, after my decease, under circumstances therein specified, sixty-five shares of the capital stock of the Manufacturers Bank, in Providence, (par value \$6,500); one hundred and twenty shares of the Phenix Bank, Providence, (par value \$6,000), one hundred shares of the New England Pacific Bank, Pawtucket; (par value \$5,000); and one hundred shares of North Providence Bank, (par value, \$5,000), for the education of poor children, in that Institution; and being desirous, in my lifetime, to contribute to the object contemplated by my dear father, I have this day authorized the Treasurer of the School fund to receive the dividends from the stocks above enumerated until otherwise ordered by me, to be applied as directed in said will, a copy of which, so far as relates to this bequest, I herewith present, reserving to myself the right of designating any child or children whom I may desire to receive the benefit of a part of said income, they being admitted subject to the Rules and Regulations of the School.

With my best wishes for the prosperity of the Institution,
I am your friend,

JACOB METCALF."

Upon receiving the foregoing communication, the following minute was placed upon our records, viz.:—

"This generous and liberal donation from our friend, Jacob Metcalf, is gratefully received by us, and we trust it will prove a blessing to many of the youth within our Yearly Meeting. We accept it as an evidence, on the part of our friend, of a desire to promote the best interests of those who need a helping hand in obtaining an education to qualify them for usefulness in the world, and desire that the benevolent donor may be blessed in his deed."

During the past year, a neat and convenient Astronomical Observatory has been erected on the School premises, and furnished with a telescope, transit instrument and clock; the expense of these instruments being mostly defrayed by the subscription of a few friends. The object aimed at is to give the scholars generally an opportunity of observing

some of the more common and striking telescopic phenomena of the heavens, and more especially, to provide for those pursuing the study of Astronomy an opportunity of working practical problems by means of well-constructed instruments of moderate power. The more advanced pupils are accustomed to the free use of the instruments, and it is believed that in this way the study of Astronomy will be made more thorough and attractive.

By the report of the committee to examine the accounts of the Institution, it appears that the whole expenses for the past year have been defrayed by receipts from board and tuition, the products of the farm and fifty-two hundred dollars received from the Treasurer of the School fund, and that a balance of one hundred and one dollars remains in his hands. A large expenditure was required in painting the house and erecting the observatory, and further expenditures will soon be necessary for keeping the buildings in good repair. Notwithstanding this, and the greatly enhanced cost of all articles of consumption, we think it will be safe, under the prudent and skilful management of our Principals, to propose that prices for pupils remain the same as last year, viz.: \$40 per term for members of our Yearly Meeting; \$60 for members of other Yearly Meetings, and where one or both parents are members of our religious Society, or the scholars are sent at the charge and expense of such members; and \$100 for any others, payable in all cases in advance, and that \$5 additional charge continue to be made for instruction either in the ancient languages, in French or in Drawing, and that books and stationery be furnished as heretofore.

In conclusion, we may state that moral and religious instruction, including, especially, a knowledge of the Holy Scriptures, has, we think, been faithfully attended to, and the pupils generally have given evidence of interest in these important exercises; and we thankfully trust that this Institution continues to be remembered by Him whose blessing alone can sustain us.

Signed by direction and on behalf of the School Committee,

GILBERT CONGDON, Clerk.

Providence, 5th mo. 12th, 1863.

NOTE.—The summer term, 1863, closes the 30th of 9th month.

The winter term, 1863–4, commences on fourth day, the 4th of 11th month, and closes the 23d of 3d month, 1864.

The summer term of 1864 commences fourth day, the 4th of 5th month.

REGULATIONS OF THE SCHOOL COMMITTEE.

As the number that can be admitted into the School is limited, it is necessary that the committee should be seasonably informed of all in this Yearly Meeting that desire to occupy places in the School, in order that they may determine how many others, if any, may be received. Application should therefore be made for members of our Yearly Meeting in season to be laid before the committee at their meetings held in the *third* and *ninth* months. At these meetings, applications for members of our Yearly Meeting will have precedence of all others, after which they will be considered in the order in which they are received.

Applications for the benefit of the "charitable fund," or of "the Jacob Metcalf donation," will also be determined at the times above specified, and in all these cases information is desired of the age, moral habits and literary acquirements of the applicants, to aid the committee in deciding upon them.

It is expected, and earnestly desired, that *all* the scholars shall be at the School punctually, at the commencement of the term, for the prompt organization of classes; but if circumstances occur to prevent such attendance, notice is to be forwarded to the Principals, within one week of that time, stating whether or not their places are desired to be reserved for them. A failure to attend the School, or to give the notice above specified, will be considered a relinquishment of the privilege, unless again admitted by the committee; and in all cases of pupils being admitted for the term and attending the School, it is expected that payment will be made for the term.

Friends of pupils and all others visiting the School will be expected to defray the expense arising therefrom to the Institution.

All applications for admission are to be made to the Principals.

Address,
ALBERT K. SMILEY,
Principal Friends Boarding School,
Providence, R. I.

DEAR FRIENDS :- The great advance in the cost of all sup-

The officers of the Institution have been,—Albert K. Smiley, Principal; Alfred H. Smiley, Associate Principal; John F. Rowell, Bessie T. Wing, Mary A. Cornell, Teachers in the English Branches; Rufus Read, Teacher of Mathematics; William B. Phillips, Teacher of Ancient and Modern Languages; and Mary A. Potter, Teacher of Drawing. In the Summer Term, Elma M. Dame, and in the Winter Term, Amy E. Johnson were also engaged in the English Department, and since the commencement of the Winter Term, Rebecca H. Smiley has occupied the position of Principal of the Female Department; it having been necessary for Eliza P. Smiley, who has been acceptably associated with her husband in the government of the School, early in the summer to withdraw from active duties on account of her impaired health. The concerns of the Institution have been satisfactorily administered under this organization.

Meetings for worship have been regularly held at the School House on First day mornings, and have been uniformly satisfactory; and the scholars continue to attend Meetings of Friends in the city, on First day afternoons and in the middle of the week. A knowledge of the Holy Scriptures has been promoted by daily readings, and exercises on the First day of the week; and other openings to advance the highest interest of the scholars, have been improved.

The health of the inmates of the Institution has been generally good, except that, in the Winter Term, it was interrupted by the prevalence to a considerable extent, of mild indisposition, assuming the form, in several cases, of Diphtheria; all of whom recovered except Lucy Collins, daughter of William B. Collins, of Peekskill, N. Y., who died on the 10th of 1st month, in the sixteenth year of her age. To commemorate the grace of our Holy Redeemer, signally manifested in her closing hours, we present the following extract from the Report of the Principal to us. 'All who had the privilege of witnessing the joy which animated the countenance of this dear girl, and hearing the almost constant expressions of love to her Saviour, of faith in His promises, and her trust that she would soon be forever happy, were deeply moved, and such thought that Heaven was indeed brought very near to them.'

This solemn event was thus noticed in the Minutes of the Committee. 'The account of the removal of our dear young friend has produced on our minds renewed sympathy for the afflicted relatives, mingled with gratitude for this bright, happy close,—so full of the glorious hopes of a blessed immortality through *Him* who loved us and gave Himself for us.'

On the 16th of 3d month another death occurred, from pulmonary disease. Rufus Read died, after a short and severe illness, in his 25th year. We believed it due to the memory of our dear departed friend, to preserve, on the Records of the Committee, the following minute: In the decease of Rufus Read, who for three and a half years had been very satisfactorily engaged as the Mathematical Teacher, we realize that this Institution has sustained a great loss. His faithful and efficient services were enhanced by a peculiar kindness, and readiness to assist in any department whenever called upon, while his amiable and unobtrusive manners endeared him to his associates.

His life thus suddenly terminated in the early meridian of his usefulness, was marked, at its close, by a clear demonstration of the truth, that, at such an hour, man has nothing to depend upon but the mercy of God in Christ Jesus. To those who stood around his dying bed, it was instructive and affecting to witness in one endeared to all who intimately knew him, his deep sense of the sinfulness of the human heart, and his earnest applications for the interposition of the ever-living Son of God. How full of grace and consolation is the Redeemer's promise, "Him that cometh unto me, I will in no wise cast out," and we reverently trust that our dear departed friend witnessed its validity, and is now realizing that, "To depart and be with Christ is far better."

His conflict of spirit was very great, occasioned by the consciousness, notwithstanding he had been remarkably engaged to discharge his

social and relative duties, that the strength of his days had not been sufficiently devoted to loving and serving such a gracious Saviour;—to us a solemn warning to strive that our day's work may be done in the day time. We sympathize with his afflicted relatives and friends, desiring that they may be favored to draw near to the Father of mercies and "God of all comfort."

These dispensations of Divine Providence, impressive to all, were, we hope, especially blessed to some, in the awakening to newness of life.'

By the report of the committee to examine and settle the accounts of the Institution, it appears that the whole expense, for the past year, has exceeded the amount received from all sources, about twelve hundred dollars. This deficiency has been occasioned by the greatly enhanced cost of all the supplies for the School. This subject had claimed our attention for some time past, but at our meeting in the Second Month it was concluded that the interests of the School imperiously required of us to apply to the Meeting for Sufferings for its sanction of the following advance in the rates of admission, to take effect at the commencement of the Summer Term,—which was approved of by that Meeting, and the prices, thus altered, will be as follows: \$55 per term for members of this Yearly Meeting; \$80 per term for members of other Yearly Meetings, and where one or both parents are members of our religious Society, or the scholars are sent at the charge and expense of such members; and \$125 for any others who may be admitted. An additional charge of \$5 continues to be made for Latin and Greek, French, German or Drawing. Although the cost of provisions has largely advanced since that time, we hope, with the continuation of the prudent management of our Principals, that the increased rates may sustain the School without incurring a debt.

In conclusion, we would reverently and gratefully acknowledge the continued mercies of Him, our gracious Care Taker and Head, who alone can prosper the work of our hands.

Signed by direction and on behalf of the School Committee.

GILBERT CONGDON, Clerk.

NOTE.—Summer term of 1864 closes, 9th Mo. 28th, 1864.

REGULATIONS OF THE SCHOOL COMMITTEE.

As the number that can be admitted into the School is limited, it is necessary that the committee should be seasonably informed of all in this Yearly Meeting that desire to occupy places in the School, in order that they may determine how many others, if any, may be received. Application should therefore be made for members of our Yearly Meeting, in season to be laid before the committee at their meetings held in the *third* and *ninth* months. At these meetings, applications for members of our Yearly Meeting will have precedence of all others, after which they will be considered in the order in which they are received.

Applications for the benefit of the "charitable fund," or of "the Jacob Metcalf donation," will also be determined at the times above specified, and in all these cases, information is desired of the age, moral habits and literary acquirements of the applicants, to aid the committee in deciding upon them."

It is expected, and earnestly desired, that *all* the scholars shall be at the School punctually, at the commencement of the term, for the prompt organization of classes; but if circumstances occur to prevent such attendance, notice is to be forwarded to the Principals, within one week of that time, stating whether or not their places are desired to be reserved for them. A failure to attend the School, or to give the notice above specified, will be considered a relinquishment of the privilege, unless again admitted by the committee; and in all cases of pupils being admitted for the term and attending the School, it is expected that payment will be made for the term.

Friends of pupils, and all others, visiting the School, will be expected to defray the expense arising therefrom to the Institution.

All applications for admission are to be made to the Principals.

FROM OUR
MEETING FOR SUFFERINGS,

Held at Lynn, 8mo., 17th, 1864.

To the Monthly Meetings of Friends, of New England Yearly Meeting

DEAR FRIENDS:--

The great advance in the cost of provisions, and of all expenses incurred in sustaining our Boarding School has at this time claimed our very serious consideration, and it being evident from statements now received, that the expenses of the Institution cannot be met, without raising the price of board and tuition, this Meeting believes it to be its duty, in fulfilling the trust confided to it by the Yearly Meeting, to increase the price for the admission of scholars; and it is therefore concluded that after the expiration of the present term, the price charged for board and tuition shall be as follows, viz.:

For members of this Yearly Meeting, One Hundred Dollars per Term.

For members of other Yearly Meetings, and where one or both parents are members of our religious Society, or scholars are sent at the charge of such, One Hundred and Thirty Dollars per Term.

And for any others who may be admitted, One Hundred and Sixty Dollars per Term. The same additional charges for Latin, Greek, French, German, or Drawing, as heretofore.

Signed on behalf of the Meeting,

SAMUEL BOYCE, CLERK.

8th Mo. 26th - 1864.

At our last Yearly Meeting the interesting subject of the condition of the Freedmen of our land, and our duty towards them, was feelingly discussed; and after a free and full interchange of sentiment, it was concluded to appoint a Committee to devise some efficient and systematic plan of action for their ameliorating their condition - whereupon, that Committee, having met and conferred together upon the important subject confided to them, have issued the following appeal - viz -

(To the Monthly Meetings &c. &c.)
(see printed paper)

This Meeting was brought into a lively and sympathizing interest at this time by the reading of the above address of the Committee; and in accordance with the recommendation therein, we appoint the following Friends a Committee to collect such contributions as they may be enabled to obtain, viz - Timo. K. Earle, Charles Hadwen, Paul Wing, Jona. Farnum, & David H. Aldrich - and they are requested to forward whatever contributions they may ^{collect} ~~receive~~ to Ann B. Earle, whom we appoint ^{our} Treasurer for this purpose, and she is requested to remit such donations as she may receive to the ^{appointed} ~~person~~, to named in the Circular - and report her doings to this meeting.

TO THE
MONTHLY MEETINGS
OF FRIENDS

COMPOSING NEW ENGLAND YEARLY MEETING.

DEAR FRIENDS :—

In the accomplishment of the important concern confided to us by our Yearly Meeting, we deem it proper to address you, and to express our feelings of gratitude, for the contributions, which from statements received by our Meeting for Sufferings, it appears have been made by Friends, for that class of our fellow-men, who have escaped from bondage.

The total amount received and forwarded for that purpose, is between \$12,000 and \$13,000.

We would now encourage you to further exertions on their behalf. By information which is daily received, it appears, that the number of the Freed-men continues to increase ; and their benighted and destitute condition, calls loudly upon the christian philanthropist for aid.

They need education—they need instruction in those habits of industry, and domestic life, which will tend to promote their comfort and usefulness ; but, first of all, they need to be fed and clothed.

Their destitute condition on their arrival from the land of bondage requires immediate attention. It is a most sorrowful reflection, that during the past winter, some of them perished for the want of clothing ; some being without stockings or shoes, had their feet badly frozen, and were crippled for life, and others died of hunger.

They are in want of everything requisite for enjoying the comforts and blessings of freedom, and domestic happiness. With these facts before us, we would appeal to every benevolent heart, with desires that we may all ponder well the responsibility resting upon residents of the free States, who have thus far, comparatively, felt but little of the immediate effects of the dreadful war, now waging in some sections of our beloved country.

Our Government has been very lenient towards us as a Society, and may we now prove to the world, that in refusing to take part in the existing strife, we are influenced by no selfish motives, and that we are willing and ready to bear our part of the public burdens, when it can be done without any violation of conscience.

An opportunity is now presented, for us to honor the Lord with our substance, and with the first fruits of our increase.

Another winter is now near at hand, and no time should be lost that can be improved, in making arrangements for supplying the wants of these sufferers. In order that the most efficient measures may be taken for the purpose of forwarding the good work, we would recommend that prompt and organized efforts be made, wherever it can conveniently be done. We would advise the appointment of committees by monthly meetings, whose duty it should be, to meet with other Friends at stated times, in neighborhoods, for the purpose of receiving contributions—for the cutting out and making up of garments—for repairing such as have been collected that are partly worn, and for devising measures generally for promoting the object we have in view. This would give an impetus to our operations, which could not be imparted in any other way.

Contributions in money are the most desirable, and should a sufficient amount be received, the Committee have in view, the establishment of a Mission at some suitable place, where through an agent of their own, the funds received may be properly and judiciously disbursed.

Ready made clothing is always acceptable, both for men, women and children. A portion of the under garments, should be flannel to meet the wants of the weakly and infirm. It is not necessary that all the clothes for adults should be made up; some of this class prefer to buy the cloth and cut and make it up in their own way.

It is desirable that contributions from those who are not Friends, should be reported separately, that at the end of the year, we may know what proportion of the amount has been received from others.

The supplies obtained west of Boston may be forwarded to Gilbert Congdon, Providence; and those obtained east of Boston, may be forwarded to Nathan Breed, Lynn.

An inventory should be placed in each package of what it contains, and a duplicate inventory with the estimated value thereof, should be forwarded by mail, to the agent to whom the package is

sent. Each package should have marked upon it the words, "For the Freed-men," in addition to the other directions.

Contributions received in cash, may be forwarded to Charles F. Coffin, of Lynn, who is appointed our Treasurer.

Sarah F. Tobey, of Providence, and Eunice B. Boyce, of Lynn, are appointed Correspondents; and communications for the Committee may be forwarded either to them, or to Henry T. Wood, of New Bedford, who is our Secretary.

At Uxbridge Monthly Meeting of Friends held at Northbridge 7th Mo. 28, 1865-

By accounts rec^d at this time from our several Preparative Meetings, we learn that the Representatives are, for

Uxbridge - Dan^d H. Aldrich & Jona Farnum,
Worcester - Timo. K. Earle & Sam^d H. Cotton.
Northbridge - Geo. B. Wheeler & Dan^d H. Aldrich.

who are all present.

The Queries with the required answers from all our Preparative Meetings were read at this time, from which we have compiled General Answers, as being descriptive of our present state, which the Clerk is directed to forward with this account to the next Quarterly Meeting by our Representatives, James G. Arnold, Luther C. Wheeler, and Dan^d H. Aldrich, who are requested to report their attendance of the same at our next Meeting.

The Report of the Committee of the Yearly Meeting Boarding School for 1865, was rec^d and read at this time; and we are gratified to learn by it that this Institution still continues in a highly favored and flourishing condition under its present efficient management, and we hope it will long be enabled to continue its beneficial influence in the cause of education among us.

The opportunity of some of the Monthly Meetings to become recipients of the Charitable Fund and of the "Jacob Metcalf Donation" being still continued by the School Committee, we appoint Timothy K. Earle, Paul Wing, and Jona. Farnum a Committee, (to be joined by a similar one from

YEARLY MEETING, SIXTH MONTH, 1865.

“TO THE YEARLY MEETING:

Dear Friends: The Committee appointed to Superintend the Boarding School during the past year, report: that, in the Summer Term of the School, there were in attendance, one hundred and twenty-three pupils, viz: sixty-nine males and fifty-four females, and in the Winter term, one hundred and thirty, viz.: eighty-one males and forty-nine females.

The officers of the Institution have been,—Albert K. Smiley, Principal; Alfred H. Smiley, Associate Principal; Rebecca H. Smiley, Principal of the Female Department; John F. Rowell, Bessie T. Wing, Mary A. Cornell, and Arney E. Johnson, Teachers in the English Branches; Elijah Cook, Teacher of Mathematics; William B. Phillips, Teacher of Ancient and Modern Languages; and Mary A. Potter, Teacher of Drawing. Under this organization a satisfactory progress has been made in the varied departments of literary and scientific knowledge.

Meetings for worship have been regularly held at the School House on First day mornings, and have been seasons of solemnity and interest; and the scholars continue to attend Friends Meeting in the city on First day afternoons and in the middle of the week. A knowledge of the Holy Scriptures has been promoted by daily readings, and exercises on the First day of the week, and the considerate and orderly deportment of the scholars generally, and the evidences afforded by not a few, of a growth in the highest knowledge, has afforded us much satisfaction.

The health of the inmates of the Institution has been remarkably good during the past year, which, under a blessing, we think may in part be attributed to the careful daily attention to gymnastic exercises.

By the report of the committee to examine and settle the accounts of the Institution, it appears that the whole income for the past year exceeds the amount expended, Thirty-one hundred and twenty-five dollars, (\$3,125).

By a circular minute from our Meeting for Sufferings held at Lynn, in the 8th month last, all of our Monthly Meetings were informed of the decision of that Meeting to advance the price for tuition; and the rates then established took effect on the beginning of the Winter term as follows:—For members of this Yearly Meeting, \$100 per term; For members of other Yearly Meetings, and where one or both parents are members of our religious Society, or scholars are sent at the charge of such, \$130 per term; and for any others who may be admitted, \$160 per term. The same additional charges of five dollars for Latin and Greek, French, German and Drawing, as heretofore. It was with reluctance that the apparent necessary increase in the price was resorted to; but as we are not now prepared to make any earliest possible time; but as we are not now prepared to make any definite suggestions, we would propose to the Yearly Meeting, to commit the subject to the Committee that may be entrusted with the change of the Boarding School for the ensuing year, to make such timely changes as may appear best, upon mature consideration, and after further developments of the cost of provisions, &c.

In conclusion we gratefully believe that our Boarding School is increasing its means and opportunities of usefulness. We are, however, solemnly reminded, that all our blessings are dependent upon the Father of Mercies. May not, therefore, all who are interested, unite in the desire that His favor and protection may be continued from generation to generation, through Him who is head over all things to the Church?

Signed on behalf and by direction of the Committee,

GILBERT CONGDON, *Clerk.*

REGULATIONS OF THE SCHOOL COMMITTEE.

As the number that can be admitted into the School is limited, it is necessary that the committee should be seasonably informed of all in this Yearly Meeting that desire to occupy places in the School, in order that they may determine how many others, if any, may be received.

Application should therefore be made for members of our Yearly Meeting, in season to be laid before the committee at their meetings held in the *third* and *ninth* months. At these meetings, applications for members of our Yearly Meeting will have precedence of all others, after which they will be considered in the order in which they are received.

Applications for the benefit of the “charitable fund,” or of “the Jacob Metcalf donation,” will also be determined at the times above specified, and in all these cases, information is desired of the age, moral habits and literary acquirements of the applicants, to aid the committee in deciding upon them.

It is expected, and earnestly desired, that *all* the scholars shall be at the School punctually, at the commencement of the term, for the prompt organization of classes; but if circumstances occur to prevent such attendance, notice is to be forwarded to the Principals within one week of that time, stating whether or not their places are desired to be reserved for them. A failure to attend the School, or to give the notice above specified, will be considered a relinquishment of the privilege, unless again admitted by the committee; and in all cases of pupils being admitted for the term and attending the School, it is expected that payment will be made for the term.

Friends of pupils, and all others, visiting the School, will be expected to defray the expense arising therefrom to the Institution.

All applications for admission are to be made to the Principals.

Y E A R L Y M E E T I N G ,

SIXTH MONTH, 1866.

"TO THE YEARLY MEETING:"

DEAR FRIENDS,—The Committee appointed to superintend the Boarding School, during the past year, report, that in the summer term of the School there were in attendance one hundred and ten pupils, viz.: sixty-seven males and forty-three females; and in the winter term, one hundred and sixty-four, viz.: ninety-nine males and sixty-five females.

The officers of the Institution have been, Albert K. Smiley, Principal; Alfred H. Smiley, Associate Principal; Rebecca H. Smiley, Principal of the Female Department; John F. Rowell, Bessie T. Wing, Mary A. Cornell and Amey E. Johnson, teachers in the English branches; Elijah Cook, teacher of Mathematics; William B. Phillips, teacher of ancient and modern Languages; and Mary A. Potter, teacher of Drawing. Under this organization, which has continued the same as it was at our last report, the interests of the Institution, in every respect, have received careful and satisfactory attention.

Meetings for worship have been regularly held at the School house, on First day mornings; and we reverently trust, through Divine mercy, these religious opportunities have been blessed. The scholars continue to attend Friends' Meeting, in the city, on First day afternoons and in the middle of the week. The Holy Scriptures have been daily read in a collective capacity, and a knowledge of their invaluable contents has been further promoted by class exercises.

The health of the inmates of the Institution has been uncommonly good during the past year. Careful and regular gymnastic exercises have continued to claim the attention of the officers of the schools. On the 12th of 8th month, one of the pupils, Eugene Ball, son of Nicholas Ball, of New Shoreham, R. I., fell from a tree receiving internal injury which resulted in death about eight hours after. The following minute concerning this impressive event was made on our records: 'We note, with feelings of solemn interest, the information conveyed in the report from the Principal, of the sudden removal from time to eternity of a dear pupil. While we sympathize with the afflicted family of the deceased, we are comforted in the trust, that through the mercy of God in Jesus Christ, their sore bereavement is his great gain.'

By the report of the Committee to examine and settle the accounts of the Institution, it appears that the whole income for the past year exceeds the amount expended by five thousand dollars, which enables us to propose a reduction in the prices of admission.

Under the authority given us by the Yearly Meeting last year, we forwarded in the 9th month, copies of a printed circular to all of our Monthly Meetings, informing of a reduction in the rates of admission, which took effect at the beginning of the winter term, as follows, viz.: 'For members of our Yearly Meeting, \$65 per term; for members of other Yearly Meetings, and when one or both parents are members of our religious Society, or scholars are sent at the charge of such, \$100 per term, and for any others who may be admitted, \$150 per term. The same additional charges of five dollars for Latin and Greek, French, German, or Drawing, as heretofore.'

The subject of the present division of the school year into two terms, with vacations of nearly equal length in the spring and autumn, has claimed our careful consideration. This arrangement continues the school in operation during all the warm season of the year, when study cannot be pursued advantageously, nor without the risk of affecting the health. From many parents we have received the expression of a desire that a change might be made, and, as far as we know, it would be satisfactory to all. After mature deliberation, we have come to the conclusion to propose to the Yearly Meeting that the academical year in 1867 should commence on the first Fourth day in the ninth month, and continue twenty weeks, to be succeeded by a second period of twenty weeks, after a recess of two weeks. It is very desirable that the pupils should enter for the full year, as they would receive much greater proportional advantages than by continuing but half of the time. While we earnestly recommend this course, when practicable, we do not propose at present that it should be made obligatory, but that liberty should be granted for withdrawal from the school at the commencement of the recess, when application is made therefor at the time of admission. The ensuing year must necessarily be exceptional. The present term closes on Fourth day, the 26th of 9th month, and the school re-opens on Fourth day, the 31st of 10th month; and we propose it should continue sixteen weeks, and, after a recess of two weeks, re-assemble and continue sixteen weeks more, closing on Fourth day, the 26th of 6th month, 1867.

The charge for the ensuing school year of thirty-two weeks we propose should be as follows, one-half payable at the commencement of the school, and one-half at the re-opening after the recess, viz.: For members of our Yearly Meeting, \$96; for members of other Yearly Meetings, and when one or both parents are members of our religious Society, or scholars are sent at the charge of such, \$150; and for any others who may be admitted, \$240. An additional charge of \$10 for instruction in Latin and Greek, French, German, or Drawing.

Applications for admission into the school for the next school year, should be made seasonably for the meeting of the Committee, on the 25th of 9th month next. Those who are members of our Yearly Meeting will have precedence of all others, after which applications will be considered in the order in which they are received. Those who desire the benefit of the 'Charitable Fund,' or of the 'Jacob Metcalf Donation,' should apply at the time above specified; and in all these cases information is desired of the age, moral habits, and literary acquirements of the applicants. Applications for admission are to be made to the Principals. Address, Albert K. Smiley, Principal of Friends' Boarding School, Providence, R. I.

In a review of the past year, we do gratefully acknowledge that we have had evidence that our Heavenly Father has remembered us, and that the Institution continues to be a blessing to many.

Signed on behalf of the School Committee.

The Report of the Committee having the care of the Yearly Meeting Boarding School for the year ending 5th Mo. 1867, was recd and read at this time and we are gratified to learn by it that the School continues in a prosperous & favored condition.

The Committee appointed last month to propose the name of a Scholar to attend the Boarding School reported, that they had attended to their appointment but, having ascertained that no Scholar can be admitted from this Meeting conclude to take no further action in the matter.

YEARLY MEETING

6TH MONTH, 1867.

TO THE YEARLY MEETING:

Dear Friends: The Committee in charge of the Boarding School report, that during the Summer Term of 1866, there were in attendance 136 pupils, viz: 88 males and 48 females. In the Autumn half Term, 178, viz: 102 males and 76 females.

The officers of the Institution have been,—Albert K. Smiley, Principal; Alfred H. Smiley, Assistant Principal; Rebecca H. Smiley, Principal of the Female Department; John F. Rowell, Sarah F. Coffin, and Mary A. Cornell, teachers of English branches; William B. Phillips, teacher of Ancient and Modern Languages; Elijah Cook, teacher of Mathematics; and Mary A. Potter, teacher of Drawing. Sarah A. Taber and Alice R. Wing, have also been employed as teachers of English branches during a portion of the past year. Under this organization, which it will be observed is nearly the same as for several years past, the affairs of the School have been carefully and satisfactorily conducted.

During the fore part of the year the arrangements for religious meetings were the same as last year, but the committee believing that the pupils were overtaxed on First days have discontinued the morning meeting at the school, except during inclement weather, and have allowed them to attend the morning meeting as well as the week day meeting in the city. First day afternoons and evenings are devoted to Bible instruction and reading, and the result has, we think, been satisfactory to all concerned.

For some time past the Committee in charge of the School, as well as those more immediately connected therewith, have felt that the present accommodations for pupils are not adequate to promote their health and comfort. Two wants have especially claimed their attention:—1st, that of separate dormitories for the girls instead of the present plan of placing them all in two rooms; 2d, a large Hall or collecting room to be used, under the direction of the committee, for Religious Meetings, Lectures, Public Examinations, Meetings of the Alumni, or other purposes. The largest room in the present building is quite too limited to meet the wants of the School, not being commodious enough to allow of inviting the parents of pupils to be present at the exercises connected with the graduating class.

Accordingly, with the approbation of the Meeting for Sufferings, the Committee have begun the erection of a three story building 126 feet long, with an average width of 45 feet. The first floor contains a Hall capable of seating 400 persons, and adjoining it is a Library and Reading Room, fitted up with alcoves for the reception of books and cases for minerals and other Natural History collections. This room is connected with the Hall by sliding doors, and will enlarge its capacity so that six or seven hundred persons can be comfortably seated. The second and third stories are devoted to girls' dormitories. There are 29 rooms, ranging in size from 9 by 15 feet to 15 feet square, fitted for the reception of two pupils each. Each room is supplied with a large closet and separate means of ventilation. There are also large store closets for bedding, &c. in each of the upper stories, and proper washing apparatus supplied by tanks under the roof. In the basement are rooms for three hot air furnaces, a coal room, a large reservoir cistern to be used in case of fire, and a spacious and convenient cellar. In consequence of the transfer of the minerals and the philosophical and chemical apparatus to the new library and apparatus rooms, and the removal of about fifty-six girls to the new dormitories, much room will be vacated in the present building. It is proposed to devote a part of this space on the south side of the building to increasing the limited accommodations for the sick. The present nurseries are on the north side of the house, exposed to the noise of the boys' play-ground, and are only suitable to receive patients slightly indisposed. It is very

desirable that pupils affected with contagious diseases, or seriously ill from any other cause, should be provided with quiet, well ventilated and sunny rooms, where they can receive careful attention from nurses specially devoted to them. It is proposed to divide off another portion of the room into separate dormitories for the girls, corresponding with those in the new building, and to appropriate the remaining space to increasing the somewhat limited sleeping accommodations of the boys, and to other purposes. It is expected that the building will be ready to be occupied at the opening of the year 1868.

The whole cost, including furnishing, grading grounds, making the required changes in the present building, and all other necessary expenses will be about \$12,000. Through the efforts of the Alumni Association, upwards of \$10,000 have been very generously contributed by the friends of the School, for the erection of this building. There is also on hand a balance to the credit of the School of about \$12,000. It will therefore be necessary to incur a debt of about \$20,000, in order to carry out the proposed plans. The financial condition of the school is such as to warrant the belief that the debt can be liquidated in a few years.

By the Report of the Auditing Committee it appears that the income of the School during the present year (ending 6th month 26th, 1867,) will exceed the current expenditure by about \$3,000.

The charges for the ensuing year of forty weeks, we propose should be as follows, one-half payable at the commencement of the school, and one half at the opening after the recess, viz:

For members of our Yearly Meeting,.....\$150.

For members of other Yearly Meetings, and where one or both parents are members of our religious society, or for scholars that are sent at the charge of such,.....\$190.

For any others that may be admitted,.....\$300.

An additional charge of \$10 is made for one year's instruction in Latin, Greek, French, German, or Drawing.

Pupils may be withdrawn at the close of the half year *only* when application is made therefor at the time of entering.

The Committee earnestly desire that the number of those who are withdrawn at the close of the first half year may be as small as possible as, in the arrangement of classes and studies, reference is made, primarily, to those who remain through the year, constituting as they do, a large majority of the school, and it will therefore happen that those who remain but half the term will receive much less than a proportionate share of advantages.

Applications for admission into the School should be made seasonably for the meeting of the Committee on the 16th of seventh month next. Those who are members of our Yearly Meeting will have precedence of all others, after which applications will be considered in the order in which they are received.

Those who desire the benefit of the charitable fund or of the "Jacob Metcalf donation," should apply at the time specified, and in all these cases information is desired of the age, moral habits, and literary acquirements of the applicants.

Applications for admission, should be made to the Principals.

YEARLY MEETING,

6TH MONTH, 1868.

TO THE YEARLY MEETING:

The Committee in charge of the Boarding School report, that during the Autumn Term there were in attendance 172 pupils, viz.: 101 males, and 71 females. In the Spring term 150 pupils, viz.: 97 males, and 53 females.

The officers of the Institution have been Albert K. Smiley, principal; Alfred H. Smiley, associate principal; Rebecca H. Smiley, principal of the female department; John F. Rowell, Alice R. Wing and Sarah A. Taber, teachers of English branches; William B. Phillips, teacher of ancient and modern languages, and George W. Wiggin, teacher of mathematics; Mary A. Cornell and Sarah F. Coffin, have been employed as teachers of English branches during the Autumn and Spring terms, respectively, and Sarah A. Taber, in addition to her other duties, has had charge of the drawing classes. Under this organization, the interests of the Institution have in every respect received careful attention, and the progress of the pupils in their studies has been satisfactory.

During the past year the pupils have attended the meetings held in the city on First Day morning and in the middle of the week, except that occasionally, during inclement weather, meetings have been held on First Day mornings at the School; which have been attended by one or more members of the Committee, and the reading of such selections as were thought calculated to fasten upon the susceptible minds of the pupils impressions that might tend to their future benefit.

The daily practice of reading portions of the Holy Scriptures at the breakfast table, and before retiring for the night, is still continued.

The health of the School has been remarkably good during the past year, and we have gratefully to acknowledge the continued kindness of our Heavenly Father for this blessing.

The Report of the Auditing Committee shows that the income of the School during the year ending 6th month, 24th, 1868, will exceed the current expenditures by about five thousand three hundred dollars, which has been appropriated to reduce the debt of the Institution.

Alumni Hall, which was in process of erection at the time of our last report, has been completed, and was, with the girls lodging rooms, thrown open to the use of the pupils at the commencement of the Spring term. The whole cost of the building, including furnishing, grading grounds, and other expenses connected with its erection, is

\$43,202.44

There was contributed by the Alumni Association

\$10,870.24

Net profits of the School during the past four years appropriated to this object

17,149.42—28,019.66

Leaving the amount of indebtedness of the School at the close of the present term

\$15,182.78

The anticipated benefits resulting from the erection of the Alumni Building have been more than realized.

The superior accommodations furnished the girls have added largely to their comfort, and produced a decided improvement in their general health, especially diminishing the number of colds.

The charges for board and tuition for the ensuing year of forty weeks, we propose should be as follows: one-half payable at the commencement of the school, and one-half at the opening after the recess, viz.:

For members of our Yearly Meeting, \$150.

For members of other Yearly Meetings, or where one or both parents are members of our religious society, or for scholars sent at the expense of such, \$190.

For all others that may be admitted, \$300.

An additional charge of \$10 is made for one year's instruction in Latin, Greek, French, German, or Drawing.

Pupils may be withdrawn at the close of the half year *only* when application is made therefor at the time of entering. It is very desirable that the number of those withdrawn at the close of the first half year may be as small as possible, as, in the arrangement of classes and studies, reference is made primarily, to those who remain through the year, constituting as they do, a large majority of the School, and it will therefore happen that those who remain but half the term will receive much less than a proportionate share of advantage.

Seventh Month next. Those who are members of our Yearly Meeting will have precedence of all others up to that date, after which applications will be considered in the order in which they are received.

Applications should be made to the principal.

Address ALBERT K. SMILEY, Principal Friends Boarding School, Providence, R. I.

The Committee were induced, in order to meet some urgent cases, to anticipate the income from the charitable fund, consequently there will be no available means from that source the ensuing year, and it is expected that the United States legacy tax will absorb the ensuing year's income from the Metcalf donation.

In conclusion, the Committee feel assured that the literary standing of the School has been well maintained—its discipline carefully administered, and its finances prudently and efficiently managed.

They therefore would commend it to the confidence of Friends, trusting that with the blessing of our Holy Head upon the religious engagement of its founders, and the concern of the Church to promote the religious and literary education of the young people under our care, that this Institution will continue to be instrumental for good to our religious Society.

On behalf of the Committee,

WM. C. TABER, CLERK.

Providence, 6th mo., 2nd, 1868.

The School Year begins 9th month 2nd, 1868.

Recess of two weeks begins 1st month 20th, 1869.

The following Report was received from the Clerk of the Representative Meeting and directed to be recorded, viz. —

At a Representative Meeting for New England, held at Newport, 6th Mo. 13th, 1873, the Committee appointed in relation to the expenses of Friends traveling in the Ministry, made the following report, viz: —

To New England Representative Meeting of Friends:

The Committee to whom was referred the subject of expenses of Friends traveling in the Ministry among us from other Yearly Meetings, report, —

That it is the duty of the Church to encourage and promote the spread of the Gospel, and of all the members thereof to contribute to this blessed purpose according to their ability.

We would suggest that it shall be the duty of the Overseers of each Monthly Meeting to see that all Ministers from other Yearly Meetings, duly accredited and engaged in the prosecution of Gospel service within their limits, be provided with suitable company, if any is needed, and the means of transit from place to place. If any Monthly Meeting is unable to pay all such expenses, they may call upon a Standing Committee of their Quarterly Meeting, appointed for such special purpose, who may reimburse the same, or such part thereof as they may think the case requires.

If the burden is at any time too great for the Quarterly Meeting, they may call upon the Representative Meeting, and that meeting shall consider all such calls, and render assistance whenever in the judgment of that meeting the circumstances justify it.

The Committee recommend also, that whenever a Minister is liberated to travel in the ministry by any of our Monthly Meetings, the Overseers of the meeting shall call upon him and confer with him about the arrangements for the journey, and to see that he is provided with suitable company, if any is needed, and with sufficient means to complete the journey, if the Friend needs assistance.

If any Monthly Meeting, at any time, is unable to bear all such expense, it may call upon the Quarterly Meeting's Committee; and the Quarterly Meeting, if unable, may call upon the Representative Meeting, precisely as provided in the case of ministers from other Yearly Meetings, in this report.

On behalf of the Committee.

EDW. W. HOWLAND,
CHAS. F. COFFIN.

Newport, 6th Mo. 13th, 1873.

Which was satisfactory to the meeting, and being subsequently approved by the Yearly Meeting, the Clerk of this meeting was directed to cause a sufficient number of copies to be printed to supply our Quarterly and Monthly Meetings.

REPORT

OF THE

Committee on the Boarding School

AT PROVIDENCE, R. I.

TO THE YEARLY MEETING :

THE Committee appointed to have the charge and oversight of the Boarding School at Providence, report that they have given attention to their appointment. The school has been satisfactorily conducted, and has, we believe, as in previous years, fully maintained its high standing and usefulness. The religious interest which has been a marked element in the character of those connected with the school and which has given so much satisfaction to the committee for the past few years, is still continued. Its effect upon the discipline of the school and the conduct of the scholars is in the highest degree encouraging.

The practice pursued in former years of appointing sub-committees for the more immediate care of the school and family during the intervals between the meetings of the general committee has been kept up. Their reports of the recitations, of the general conduct of the pupils, and of the harmony and good feeling existing between all the members of the family, have been very acceptable to us. In the report of the sub-committee made in the 2d month, they say "A number of the meetings on First and Fourth days have been attended by one or more of the committee, and they are gratified in being able to report an increasing interest among the pupils in religious things, some of them giving marked evidence of a change of heart as the result of prayerful efforts on the part of their teachers and others, the Holy Spirit giving the increase."

The attendance upon the school has been for the Autumn term, 121 boys and 80 girls, for the Spring term 112 boys and 76 girls; of which during the year 112 were members of our society. Ninety-six of these were members of our own Yearly meeting and sixteen were from other Yearly meetings. The proportion from our own Yearly meeting is larger than for some time past.

At the time of making the report last year the school was indebted to the Treasurer of the Yearly meeting in the sum of

\$15,552.59. In 10th month last the amount due from the city of Providence for land taken for the widening of Hope street and in opening Lloyd avenue from Hope street to Arlington avenue was paid. The sum received was \$28,000.50. The committee was thus enabled to discharge the above-named indebtedness, to pay for money hired on account of expense incurred the previous year in building the fence around the premises, and also to pay for curbing laid by the city on the line of Hope street, leaving a balance in the hands of the Treasurer of the Yearly meeting subject to the direction of the school committee of \$4,811.98.

By a statement from the Treasurer of the school fund it appears that the income and payments on that fund have been as follows :

ON GENERAL FUND.

Balance on hand last year,	\$108.61
Income from the fund,	7,091.59
Return premium of insurance,	182.75
Received from the city of Providence for land taken for streets,	28,000.50
	\$35,383.45
Paid insurance premiums,	\$512.50
Paid George Howland, Jr., Treasurer Yearly meeting, per order of the school committee,	28,000.50
Paid A. K. Smiley, Principal, for receipts,	6,829.60
Balance on hand,	40.85
	\$35,383.45

CHARITABLE SCHOOL FUND.

Balance on hand last year,	\$910.32
Income from the fund,	2,409.38
	\$3,319.70
Paid school bills,	\$2,350.00
Balance on hand,	969.70
	\$3,319.70

The expenses of the school for the current year as nearly as they can be ascertained at the present time, are as follows :

Paid for salaries,	\$13,710.00
Paid for wages,	5,595.75
Paid for provisions,	14,015.35
Paid for fuel and light,	3,376.88
Paid for repairs, annual,	4,410.92
Paid for incidentals,	818.08
	\$41,926.98

The income for board and tuition was	\$36,147.38
Income from fund,	6,829.60
	\$42,976.98
Expenses,	41,926.98
Balance or profits,	\$1,050.00

At a meeting of the committee held 5th mo. 30th we were informed, that, by a recent law of the State of Rhode Island, the property belonging to the Yearly meeting on which the school buildings are located, is liable to taxation. We would therefore recommend, in order to increase our income to meet this additional expense as well as to add to our school fund, that the school committee be authorized to take legal measures to enable them to sell such portion of the premises not already directed to be sold, as may be advisable and for the best interests of the Institution.

For the information of the Yearly meeting we would state, that, in consequence of the heavy grade on Lloyd street (being in the deepest part of the cut 11 feet) the Institution may be subjected to a considerable expense, in forming the embankment made necessary by such grading, and in resetting the fence; and also by the cost of curbing on the line of said street, a large portion of the funds now on hand may be absorbed.

The following list comprises the names of the officers and teachers for the year now closing.

Albert K. Smiley, Principal.

Daniel C. Maxfield, Governor and teacher of English branches.

Thomas J. Battey, teacher of Natural Sciences.

Alonzo Williams, teacher of Greek, Latin and German.

John M. Potter, teacher of Mathematics.

Francis B. Gummer, teacher of English branches.

Joel Bean, Accountant and teacher of English branches.

Rebecca H. Smiley, Principal Female Department.

Alice R. Wing, Governess and teacher of Grammar and Rhetoric.

Bessie T. Wing, teacher of French, History and Literature.

Martha G. Reed, teacher of Mathematics.

Mary Amey Collins, teacher of English branches.

Hannah E. Bean, teacher of English branches.

Susan Godding, teacher of Drawing and Painting.

The health of the family during the past year has been generally good, although a few cases of sickness have occurred among the

pupils, in all of which we are gratified in being able to state that they recovered, and in most of the instances resumed their places in the school.

Meetings for religious worship have been held at the school as previously, on First and Fourth days, at 11 o'clock A. M. These meetings have frequently been attended by members of the committee, and have been both interesting and satisfactory.

The afternoon of the First day of the week has been occupied as heretofore with Scripture lessons, in which the whole school is engaged.

It is proposed that the charges for board and tuition for the coming year be

For members of our Yearly meeting,	\$100.00 per annum.
For members of other Yearly meetings, or where one or both parents are members of our religious society, or for scholars sent at the expense of such,	190.00 " "
For all others who may be admitted,	300.00 " "

One half payable at the commencement of the year, and one half at the opening after recess.

An additional charge of ten dollars each to be made for one year's instruction in Greek, Latin, French, German, or Drawing.

On behalf and by direction of the Committee.

GEO. HOWLAND, JR., CLERK.

REPORT OF THE COMMITTEE
HAVING CHARGE OF THE
BOARDING SCHOOL
AT PROVIDENCE,
6th mo., 1877,
TO THE YEARLY MEETING.

The Committee in charge of the Boarding School at Providence report, that the interests of the institution confided to them have received their attention. The practice pursued in former years, of visiting the school at stated periods, by the general committee, and in the intervals between such general meetings, by a sub-committee, has been continued. While some of the committee have attended all the general meetings, and many others several of them, we have to report that some of those under appointment by the Yearly Meeting have failed to be present at any of our meetings during the year.

The condition of the school, in all respects, as we believe, fully sustains the view presented by us last year; its efficiency for high moral and educational culture is not in any degree impaired, the religious element which has been so marked a feature in the school and family continues, and great harmony has prevailed.

REPORT OF THE COMMITTEE
HAVING CHARGE OF THE
BOARDING SCHOOL
AT PROVIDENCE,
6th Mo., 1878.

TO THE YEARLY MEETING:

In presenting their Annual Report, the Committee in charge of the Boarding School, at Providence, have the satisfaction of reiterating the statement of former years, that the school has received their attention, and that it has maintained its previous standard of efficiency and of high moral and intellectual culture.

The health of the family was unusually good until after the recess in the Second Month, when a mild case of scarlet fever and one of measles occurred, and although strenuous efforts were made to prevent the spread of the disease, the efforts did not prove entirely successful, as several cases soon followed. Quite a number of the scholars were in consequence withdrawn, which tended to produce an unsettling effect upon the school. The responsibility brought upon the Principal and officers was for a time very heavy, but they were favored to act wisely and judiciously. Ten of the pupils had the fever at the school and five or six others at their homes; while of the measles there were two cases at the school and one at home.

The school was continued, and the classes (particularly that of the seniors) proceeded without serious interruption. The Committee feel that they have cause for gratitude, that no serious illness or death has occurred.

In order sooner and more effectually to remove all cause of apprehension from the minds of the scholars and their friends, some rooms admirably adapted to the purpose, located in a building near the school-house were prepared for the use of the then remaining patients, to which as soon as their condition would warrant, they were transferred, and the house thoroughly disinfected, since which all vestiges of disease have passed away.

The attendance of the children of Friends has been unusually large, reaching ninety-five from New England and twenty-five from other Yearly Meetings, nearly all of whom remained through the year.

The Committee would reverently acknowledge that the religious interest which for some time has prevailed in the school has deepened during the past winter, and we have reason to believe that many young hearts have yielded to the loving invitation of the Saviour, and have consecrated their life and service to Him.

The Meetings for Religious Worship on First and Fourth-days have been continued as heretofore, and evidence has not been wanting that a goodly number of the scholars have been engaged to worship in spirit and in truth.

As a result of the religious and moral tone of the school, we are gratified to inform the Yearly Meeting, that more than two-thirds of the scholars, imbued with the love of their Heavenly Father and with an earnest desire for their mutual benefit, have, of their own accord, organized themselves into temperance societies (one on each side of the house), holding bi-monthly meetings, having lectures and addresses from some of their own number, and occasionally from others, and have, (with few exceptions,) taken the triple pledge—to abstain from the use of spirituous liquors, from tobacco, and from profane language—thus saying to those around them, “We believe this to be the way, and we will walk in it.”

The harmony and home-like feeling which pervade the school are in the highest degree satisfactory.

The plotting of the school premises, referred to in our report last year, has been accomplished, presenting a view of the entire premises with avenues and streets marked thereon, which has been adopted by the Committee, a copy of which is attached to and made a part of our records. The names of the several avenues and streets have been adopted, subject however to change if circumstances require it, it being understood that the premises reserved for the use of the school shall be that portion included between Moses Brown, Alumni, Pennington and Lloyd Avenues, an area of about 16 1-4 acres, of which no part shall at present be offered for sale.

The Sub-Committee on sale of land etc., having the matter in charge, is authorized, if in its judgment it is expedient, to lay out, grade and complete, the avenues surrounding the reserved school premises, to curb the sidewalk upon the school side of said avenues; and properly enclose the reserved premises. They are also required in the future sale of lots to restrict the purchaser to the following conditions:—No building to be placed nearer the line of the street than twenty feet; the cost of the structure to be not less than \$8,000; no building or structure upon any part of the premises to be used for the sale of spirituous liquors. One lot only has been sold since our last report.

From the account of the Treasurer of the School Fund, we find that he has received as

REPORT

OF THE PROVIDENCE

BOARDING SCHOOL COMMITTEE.

SIXTH MONTH, 1879.

TO THE YEARLY MEETING:

The Committee having the care of the Boarding School, at Providence, report,— That they have given attention to the important concern confided to them. They have held stated meetings, at which a large proportion of their members have been present, and have at such meetings appointed sub-committees for the more immediate care of the schools and family during the interim, by which means the general committee has been kept informed of the progress of the school and of the management of the affairs of the Institution; which have been very satisfactory to them.

The school for the year just closing, as for several past years, has been doing a very good work and has sustained its previous character for efficiency and culture.

The religious interest which for some time past has been a marked feature in the school, has continued during the past year. The cheerful acquiescence of the scholars in the discipline of the school, and its healthy moral tone, are, we believe, in part the result of this influence, and its presence is cause for grateful acknowledgment.

The number of scholars in attendance has been for the Autumn Term, 201. and for the Spring Term, 176.

The meetings for religious worship, on First and Fourth days, have been continued, and have been seasons of comfort and edification to many who have enjoyed the privilege of sitting in them.

The health of the scholars and family has been almost uninterruptedly good.

At the meeting of the Committee Second Month 4th, we were informed by our present worthy and efficient Principal Albert K. Smiley, who has so successfully and satisfactorily conducted the affairs of the Institution for the past nineteen years, that, owing to the state of his health, he was under the necessity of declining to renew his engagement for further service in the school.

While the Committee was fully sensible of the propriety of his withdrawal from the responsible position which he has so long and so acceptably filled, they deeply regretted his decision, and deem it but just to say at the close of his long term of service, that the financial affairs of the Institution have been conducted with great skill and success.

During his administration, the buildings and premises have been kept in good order and repair, and every year but one, in which a small loss occurred, a dividend has accrued for the benefit of the school.

A committee was appointed to nominate a successor, which committee, at a special meeting held Second Month 25th, reported, That they were unanimous in proposing the name of Augustine Jones as Principal for the ensuing year, which proposition, after serious consideration and a fervent appeal to our Father in Heaven, for His help in the important matter before us, was accepted, and he accordingly appointed to that situation for the year commencing in the Seventh Month next.

It is expected that the school will be continued on substantially the same basis as heretofore, nearly all the teachers previously employed having been already re-engaged.

The account of the Treasurer of the School Fund shows that he has received as

REPORT

OF THE PROVIDENCE

BOARDING SCHOOL COMMITTEE.

SIXTH MONTH, 1880.

TO THE YEARLY MEETING:

In again presenting their Annual Report, the School Committee can but reiterate the expression of former years, that, under the new administration, as heretofore, the School has pursued the even tenor of its way, and in its progress and general management has received the approval of the Committee.

The religious feeling, to which we alluded with interest in the Report of last year, has continued, and we can indorse the expression of the Principal in his last Report to us, that in moral tone and the honorable observance of the needful regulations of the School, it has improved during the year.

The number of scholars for the Autumn Term was 184; and for the Spring Term has been 160.

The Meetings on First and Fourth-days have been continued, and from the Reports of the several members of the Committee who have had the privilege of attending them, we are satisfied that many of them are favored seasons.

With the exception of a comparatively few mild cases of scarlet fever, the health of the scholars and family has been good. Notwithstanding the mildness of the disease, numbers of scholars were withdrawn from the School; this interruption increased the labor of the management, and has also affected the aggregate attendance.

The Yearly Meeting last year authorized some changes in the rates to be charged for admission to the School; but as the circulars had necessarily been sent out by the Principal before the action by the Yearly Meeting, and applications from scholars, predicated on the former rates, had been received, the Committee judged it expedient to suspend the operation of the change until the issuance of a new circular setting forth those changes; and report their action to the Yearly Meeting.

Some changes in the way of improvements, such as the erection of a

room 17 by 22½ feet, immediately connected with the house, with ample water closet arrangements for the convenience of the boys, and a largely increased improvement in the sewerage, by connecting the drains from the house with the main sewer on Hope Street, 700 feet distant, have been made since our last Report. The gymnasium building, which had become dilapidated and unsightly, has been put in good order, with new ceilings and floor, and is now a comfortable and healthy resort for the boys, especially in inclement weather.

The following list contains the names of the officers and teachers for the year which will close on the 22d inst.

Augustine Jones, Principal.
 Amy E. Johnson, Principal of Girls' Department.
 John W. Freese, Governor and English Studies.
 Susan S. Moore, Governess and English Studies.
 Thomas J. Battey, Natural Science.
 John M. Potter, Higher Mathematics.
 Francis B. Gummere, Mental Science and German, Autumn Term.
 Seth K. Gifford, Greek and Latin.
 Henry Wood, English Literature and German.
 Clarkson Collins, Mental Science and German, Autumn Term.
 Austin B. Fletcher, Reading and Elocution, Autumn Term.
 Bessie T. Wing, French, History and Literature.
 Mary Amy Collins, English Studies.
 S. Elma Gifford, Mathematics.
 Sophia L. Pitman, Drawing and Painting.
 Mary E. Rawson, Vocal Culture.
 Allen Jay, Secretary and Book Keeper.

From the account of the Treasurer of the School Fund, as reported by the Auditing Committee, we find that he has received as

Income from the General Fund, ...	\$5,923 87	
Income received from fund in the hands of the Treasurer of the Yearly Meeting, ...	495 00	
Received from return premiums of insurance, ...	396 25	
		<u>\$6,815 12</u>

PAYMENTS,

Paid insurance premiums, ...	\$575 00	
Paid Augustine Jones, Superintendent, for receipts, ...	6,240 12

CHARITABLE FUND.

Balance on hand last year, ...	\$850 57

		<u>\$3,224 58</u>

PAYMENTS.

Paid school bills, ...	\$2,100 00
Balance on hand, ...	1,124 58
	\$3,224 58

The following items of receipt and expenditure appear from the accounts of the Principal:

RECEIPTS.

Income from the Treasurer of the School Fund, . .	\$6,240 12
Income from board and tuition, ...	31,302 45
Received from Treasurer of the Yearly Meeting from funds belonging to the School, arising from sales of land, and held by him, to pay city tax, ...	2,861 60
Received from same fund in aid of improvements and additions, ...	2,000 00
	\$42,404 17

EXPENDITURES.

Allowance to A. K. Sinley, in settlement, for change in duration of term, and for articles purchased of him, ...	\$874 00
Cost of sewer connection with Hope Street, 700 feet, ...	1,279 63
Cost of new building, including water closets and concreting, ...	2,096 23
City tax on school property, ...	2,861 60
City sewer assessment on Hope Street front, ...	349 13
Salaries to teachers and officers, ...	12,668 00
Wages paid for labor and servants' hire, ...	5,745 23
Provisions, ...	10,789 39
Repairs and replacements, ...	2,004 10
Fuel and light, ...	2,364 04
Water, ...	310 30
Incidentals, including periodicals, additions to library, medicines and postage, ...	451 34
Estimated balance remaining, ...	611 18
	\$42,404 17

From the above statement it appears that the income received for board and tuition falls short of the amount realized the year previous by about six thousand dollars. It will also be seen that it became necessary to use about five thousand dollars of the fund arising from sales of land, in the hands of the Treasurer of the Yearly Meeting, in the payment of the tax upon the school property, and in aid of the permanent improvements reported.

The Treasurer of the Yearly Meeting reports, that he has received

From coupons on bonds, ...	\$495 00
From proceeds of sale of five U. S. Bonds, ...	5,353 12
	\$5,848 12

 PAYMENTS.

Thomas Harkness, Treasurer of School Fund, . . .	\$495 00	
Augustine Jones, per order of Committee, ...	4,861 60	
Two small bills, printing, etc., ...	4 60	
Balance on hand to new account, ...	486 92	
		\$5,848 12

The Committee submit the following proposition for rates to be charged for admission to the School the coming year, viz:

For members of our Yearly Meeting, ...	\$125 00
For members of other Yearly Meetings, or when one or both parents are members of this Yearly Meeting, ...	\$225 00
For all others who may be admitted, ...	\$300 00
One-half payable at the commencement of the year, and one-half at the opening after recess.	

An additional charge of ten dollars, each, to be made for one year's instruction in Greek, Latin, French, German, or Drawing.

In conclusion, we acknowledge with grateful feelings that, while we entered upon our interesting engagement with anxiousness, in consequence of the change of Principal of the School, we can now as the year draws to its close, express our cordial appreciation of the devoted faithfulness of our new Principal, and with thankfulness for the Divine blessing upon the School in time past, we humbly invoke the same favor in the future.

On behalf and by direction of the Committee.

GEO. HOWLAND, JUN., *Clerk.*
